Personalities shine in '84

Watch us.

Watch us in 1984. We are not the depersonalized people George Orwell predicted we would be in his book **1984**.

MHS Students have proven that we have our own personality. Even so look at us watch out for and help one another.

Watch us.

Jocks.
Punkers.
Intellectuals.

All were seen walking the halls of MHS. We all had our own groups of friends. The friends we helped, and the friends who helped us, as we matured and made our way through our high school years.

Jennifer Duncan, senior, commented, "I've made a lot of good friends at MHS, and they have made my three years of

high school a lot of fun."

Whether it was in small ways — or whether it was in significant ways — MHS students cared for and helped one another.

Watch us.

Small or large groups of friends sat around the hallways talking or hanging out at Godfathers or shooting pool at Stardust.

Ken Wilson, senior, stated, "I like to go to the games and to Godfathers with my friends on Friday nights without worrying about getting up for school the next day."

No matter what we were doing, friends were always there to lend a helping hand whenever needed.

"My friends can always count on me to be there when they need me. And friends are always around. Everyone needs

to have a friend," explained Kathy Kimberling, senior.

Teachers and administrators were always willing to put in extra hours to help students with homework or even with personal problems.

Joann Castlen, business teacher, stated, "The COE program is certainly more than a one hour classroom activity!"

Everyone really cared.

Watch us — we're MHS!

Scott Modglin, junior, and Bess Ferentinos, sophomore, work together on an English assignment.

Although Theresa Berger, senior, and her sister, Marianne, junior, compete against each other in the powder puff game, they show their sisterly love.

Craig Kosac, senior, puts in some extra study time during his lunch break in the main foyer.

Spiking the ball to the opponents in a semi-state game, are Gigi Vergin and Melissa Henrichs, seniors.

We're MHS: watch us!

Watch us.

Watch us play.

Rain didn't stop us from having fun during Homecoming Week!

"We had so much fun watching the powder puff game in the rain because all that I had left of my umbrella was the handle," exclaimed Millie Majstorovich, senior.

Students were involved in a large variety of activities during the year. The climax of the year, however, was senior week. Seniors shared their last days at MHS together attending Senior Breakfast, riding around the school, commencement, and finally going to Open Houses.

Watch us learn.

There is something for everyone in MHS's curriculum. MHS offers a college-prep curriculum along with industrial art, home economics, business, art, and many other courses.

Watch us grow.

The Big Brother and Big Sister program was created through Operation Pride. Juniors and seniors acted as Big Brothers and Big Sisters to sophomores at Sophomore Orientation.

Dusti Nunley, sophomore commented, "It was really worth going to because you got to see where your classes were, and the upperclassmen made us feel welcome to MHS."

Watch us win.

Everyone is watching MHS win.

The football team captured a 3-1 record in our cluster.

Jon Rhodes, senior, stated, "The whole team worked really hard to be successful, and we had a great time doing it!"

Also, the boys tennis team upset Hobart to make it to the sectional finals.

Watch us.

MHS has helped us develop our own personal-

ities, while taking pride in everyone and everything that makes MHS special.

Theresa Berger, senior, stated, "Some of the teachers really care about getting the school and students united as one. They extend their help to us on overcoming any scholastic or personal problems. I'm really grateful for this, and I think this is very special of MHS."

Watch us play.

Watch us learn.

Watch us grow.

Watch us win.

Watch us!

Cheering on the sophomores, the members of the Senior Powder Puff team await their game with the winner of the junior-sophomore battle.

Bob Stephan, senior, shows his powerful backhand, which helped us win against Hobart.

Studying diligently for an upcoming English test is Georgann Ard, junior.

Sunshine Society members Michele Kray and Lori Equihua, juniors, welcome sophomores to orientation.

Brian Bardeson, senior, looks on as Merrillville was defeated by Crown Point during the first football game.

Tom Herbert, assistant principal, and his wife, Linda, dress up for the Halloween Dance.

During their free time, Beth Bowen and Karen Kasprzak, sophomores, admire the display of class rings.

Anxiously awaiting their first day of school, students board the school bus.

Watch us play after school

Watch us play.

Having a good time is something MHS students know how to do.

The fun started out with the "Back to School boogie" and didn't stop until after graduation.

Students "boogied" in the cafeteria at the "Back to School Boogie" sponsored by the Senior Class.

"It was a great way to start out the year," stated Chris Childress, junior.

The fun continued through Homecoming activities, where students got pepped up for the Homecoming game, at the first pep session of the year.

Jay Anderson, junior, stated, "I think the pep session was super. It really

helped get the football players excited for the game."

Seniors remembered all the good times they had at MHS as graduation drew near.

Mandy Leposky, senior, exclaimed, "This has been a really great year, but Senior Week was the best time of all."

"I enjoyed myself being in a different country during the summer."

Mike Zimnawoda,
senior

By starting the season early, Louie Spiru, senior, tells the frustration of the summer heat. Merrillville lost to Crown Point 0-24.

Surprising the grilling of hot dogs is Mark Harding and Buffy Palvas, seniors. A birthday party in Craig Kosac's senior, backyard was held to celebrate Buffy and Craig's birthdays.

Summer

Students find happiness in hot weather

Summertime.

It's a time for having fun and doing what you enjoy.

"All I did was party, go to the drive in and look out for guys," commented Kendra Decheske, senior.

The summer of 1983 was an excellent year for concerts. Bryon Adams and Journey played at Alpine Valley and the Police, Joan Jet, along with the Fixx, and A Flock of Seagulls played at Comisky Park on July 23.

"I had an excellent time seeing the Police. It was a long, hot day, but it was well worth it," said Andy Guba, junior.

Summer trips to foreign countries were popular this year. Rich Robinson, senior, traveled to Germany, while Nanci Poling, Diane Niksch, Maria Olivadoti, seniors, and Onofrio Olivadoti, junior, toured France.

"We stayed in France for 3 weeks. We had to speak in French most of the time if we wanted to get something across," stated Niksch.

A somewhat closer-to-home summer spot was the ever-famous Y & W drive-in.

Jay Anderson, junior, stated, "I tried to hit the drive-in at least four nights a week."

Many MHS students could easily be seen on the beach. West Beach was a really popular place to go and 'cop some rays'.

Amy Giordano, senior, stated, "I worked on my tan all summer long."

— Tiffini Crowover

A typical lazy summer day in Mexico isn't wasted by Jay Anderson, junior.

At the Student Council pool party, Jennifer Thompson, senior, cools off from the summer heat.

Broadway attracts many car fanatics

Getting your license. It seemed to take forever. Now you have it.

Along with the thrills of driving to school and going out, comes the agonies of buying gas and fixing the car.

"I can't wait until I get my license! commented Eric Austin, sophomore. "I've just finished Drivers Ed, I've held my permit for two months and now it's only a matter of time," he added.

When you finally had your license safely in your wallet, next comes the begging and pleading.

"When I first got my license, I could never get the car. Now I can get it whenever I need it. I guess it's just a matter of trust," said Gail Juloski, junior.

Getting the car. Going out with friends. The only thing left is somewhere to go. That somewhere eventually came to be, the cruisin' of Broadway.

Rod Gayda, junior, stated, "I cruise to look at the cars and to meet new friends."

The lights.

The music.

The people.

All are the perfect setting for a fun

night on Broadway.

"It's the people-watching that makes cruisin' interesting, added Gigi Vergin, senior, "and there are definitely a lot of interesting people on Broadway."

"We understand that the kids need some where to go, but all that we ask is that they abide by our rules," explained a Merrillville officer keeping an eye on the Broadway strip. Along with cruising comes the rules of Broadway. The rules are basically simple, stick to the speed limit, don't drive through the parking lots of McDonalds or Burger King, and respect the rights of others, and "you can have a safe, exciting night on the town."

As the students gained more and more access to the car, they found driving to be not all 'fun and games'.

Car troubles, the enemy of all student drivers. "I was on my way home from the beach, when all of a sudden my car back-fired and died. I had to have the car towed and left it with a mechanic over night to have it fixed," said Mary Croarkin, junior.

MHS has designed a class to be the answer to your car troubles.

Auto mechanics is a two hour course taught by Robert Harder.

"We understand and sympathize with MHS students and their cars," stated Mr. Harder. "Auto mechanics is set up to charge the students only ten percent above cost for us to work on their cars," he added.

The auto mechanics class has on the average, about sixteen people per class.

"This is one of my favorite classes. We really learn a lot and it helps me at home when I have trouble with my car," mentioned Jim Crim, junior.

Another car problem is the rising cost of gas. Students with jobs even find that paying for gas is sometimes difficult. "Although I do have my job at McDonalds, gas is still an extra item I have to pay for each week," stated Linda Kruppa, senior.

As we all know, along with the thrill of getting the car and cruisin', comes the agonies of buying gas and having the car fixed.

— Tiffini Crownover

Broadway is the place for many students to cruise on the weekends and after school.

Tom Mihal and Dan Mathis, Juniors, learn about cars in the auto shop class at school.

“I cruise to look at the cars and to meet new friends.”

Rodney Gayda, Junior

On his free time at home, Tim Haviza, Junior, works on his car.

After a long day at school, Mark Lieber, Junior, prepares to cruise home.

Homecoming

Displaying their attire on Clash Day, Pat Armstrong and Linda Christoff, English teachers, participate in Homecoming's Spirit Week.

Representatives from the Senior Class get rowdy during the parade on their Homecoming float.

Rain doesn't dampen spirit

"It was really exciting, and I was shocked."

Jon Rhodes, Senior

The rain during this year's Homecoming events didn't dampen anyone's spirits. Despite the rain and the early date of Homecoming week, a lot of students participated in the week's activities.

During the week, students expressed their spirit by dressing up for College T-shirt Day, Clash Day, Opposite Sex Day, Sweats Day and the traditional Purple and White Day.

Chris Poti, junior, commented, "The turnout of people participating in the parade, despite the rain, showed that everyone had lots of school spirit."

Winners of the parade were Best Club Float, German Club; Best Car, Spanish Club; Best Theme Display, German Club; Best Class Float and Most Spirited, the Senior Class.

To highlight the week, a Pep Session followed school Friday afternoon. All fall sports were recognized.

There was a dispute about the seniors getting to sit on their own side at the Pep Session. Tom Herbert, assistant principal,

noted, "The Pep Session was volunteer because we felt that we'd get more enthusiasm from other kids if the kids who sat there and did nothing weren't involved. If few students attended, the seniors would be on the same side as the juniors and sophomores."

The seniors got their own side because as it turned out, the entire gym was filled with enthusiastic students awaiting the night's events.

Jon Rhodes, senior, was elected "Mr. Football" by the senior football players. He said, "It was really exciting, and I was shocked."

All students showed their spirit by screaming and holding up signs. The seniors received the "Spirit Stick" because they were rowdier than the juniors and sophomores.

Dawn Halsted, senior and a member of the Homecoming Court, said, "I think it's great that our class finally showed everybody that we do have spirit."

(continued on page 15).

The Junior powder puff team gets rowdy before the Homecoming parade.

The Senior Class sings the school song at the pep session for their last football Homecoming.

The German Club float won the award for the best club float for their second year. George Angelov, sophomore, proudly displays the float.

Hiking the football to quarterback Patti Haupt, Junior, is center Mary Croarkin, Junior. The Juniors defeated the sophomores in the first game.

Running through the Homecoming banner are Branko Jolic, senior, and Bob Scheub, Junior.

"I was very surprised at being elected queen."

Cindy Lamtalusi, senior

Homecoming

Alumni 'come home' for celebration

The rain continued throughout both powder puff games. In the first game sophomores vs. juniors, the juniors emerged victorious, 7-6 in the final seconds.

Next, the wet and slightly muddy juniors faced the seniors. After a hard fought battle, the seniors triumphed, 7-6.

Mr. Herbert, referee of the game, commented, "All three teams showed excellent sportsmanship. I was very proud of them."

After the game, the annual bonfire was held. However, it ended early because of the rainy, cold weather.

By halftime of the Homecoming game, everybody was in dismay, but MHS friends alumni and families still had faith and spirit in the Pirates.

While the band played on the field at halftime, the 1983 Homecoming Queen, Tuesday Grant, crowned the 1984 Homecoming Queen, Cindy Lamfalusi, senior.

Other members of the Homecoming Court were Dawn Halsted, Beth Kormos and Dawn Spiroff, seniors. Lamfalusi commented, "I was very surprised at being elected Queen."

Joining the court this year was an unofficial candidate, John Malocha, senior, who said it was a last minute decision. "Everyone was daring me to dress up and congratulate the queen," added Malocha.

Many Merrillville graduates returned home for Homecoming. Joe Bardeson commented, "I came to see my brother play." Gene Guernsey added, "I came because my girlfriend was here."

After the halftime festivities ended, our Pirates again entered the field. The Pirates fought hard to the end of the 1983 Homecoming game.

Even though there were clouds in the sky, the stars still seemed to shine on the couples who attended the 1983 Homecoming Dance, "That Spe-

cial Feeling." Joe Zajac, senior, stated, "It was nice to be at the dance with my girlfriend."

One hundred fifty couples attended the dance at which L & L Mobile Sound System provided the music for the evening. The couples were greeted with their names on programs designed to look like TV programs.

Irene Halkias, senior and chairman of the dance, commented, "The dance was a lot of work, but worth the trouble because everyone seemed to enjoy themselves."

Couples went to the dance to share "That Special Feeling," which was sponsored by the Student Council on Sept. 17.

However, Valerie Vessely, senior, said she enjoyed the dance because "it was my senior year and I got to be with all my friends."

— Robin Wade, Sharon Pigott, Glory Murray, Chris Franz

Blocking Julie Fratzke, junior, in the first game, is Candy Rathjen, sophomore.

The 1983 Homecoming Court consists of Dawn Spiroff, Cindy Lamfalusi, queen, Dawn Halsted, and Beth Kormos, seniors.

Tracy Zaldei, junior, displayed the punk fad almost every day at MHS.

Punking out before her night club job in Chicago is Becky Drakis, senior.

“Fads are as popular as you want them to be.”

Lisa Hatala, Junior

Movies influence MHS styles, fads

The hottest item around in 1984 is the "Flashdance" look. Diane Ramusack, senior, said, "The one-shoulder sweatshirts are very sexy and fashionable."

This trend was easy to make yourself and inexpensive. Tracy Zajdel, junior, added, "This cut up look is both comfortable and stylish."

Mini-skirts were also a very popular fashion. Dawn Spiroff, senior, stated, "I like to wear mini-skirts because they're in fashion and very comfortable."

The preppy fad continued in 1984. Paul Matthews, junior, said "Polo cologne, button downs with jeans and a tie are what guys are going for."

He also added, "I wear Polo to impress the women."

Designer jeans have added a lot to the fashion world. Michelle Broda, junior, commented, "I like to wear jeans that fit right and are comfortable."

The Calvin Klein jean commercials are one of the most well known. Jordache and Sasson are also very popular.

Popular places to shop for fashions included the Southlake Mall. Laura Vrtikapa, junior, said, "I usually go the the Mall to shop and end up buying clothes at Ayres."

Yet, Donna McCloud, junior explained, "I like to shop at River Oaks, because their fashions are more up to date."

— Angle Traficante

The everyday dress that was most likely found at MHS are shown by Mike Miner, junior, and Anne Vavra, senior.

Boots have been popular for many years; however, in 1983-84 "elk" boots were worn by many MHS students.

Trendsetters

Friends share good times at informal school dances

After a hard long week at school, MHS students were ready for rest and relaxation on the weekend.

What better way to rest and relax than at one of MHS's many informal dances?

Since the start of the school year, several MHS clubs and organizations sponsored dances for the students to enjoy.

The first dance was on Aug. 25. This was the Back-To-School Dance sponsored by the Senior Class.

The purpose of the dance was to break the ice for sophomores.

Susie Lax, sophomore, commented "I thought the Back-to-School Dance was a great experience. It let me see everyone I would be going to school with."

Jill Habrych, junior, also commented, "The Back-To-School dance helped me get in the mood to go back to school."

The Student Council sponsored the Halloween Dance on Oct. 26. Music was provided by Dr. Walker.

This dance let everyone who attended display their carefully chosen costumes.

Bret Storey, junior, stated, "I think a costume brings out your true personality.

That's why I liked the Halloween Dance."

The Student Council also sponsored the Merrillville-Andean dance, held after the Merrillville-Andean game on Dec. 9.

Students from both schools were invited to attend.

Andean junior, Alicia Metz, commented, "I have a lot of friends from Merrillville who I hardly ever see. The dance let me have a good time with my friends from Merrillville and Andean."

Laura Hanas, junior, added, "I was skeptical about the outcome of the dance, but the night turned out great. Everyone got along really well."

The third annual Basketball Homecoming dance was after the MHS-LaPorte game on Jan. 27. The music was provided by Dr. Walker.

David Herbert, junior, mentioned, "The dance was a good ending to a very successful Spirit Week."

Jeanine Kierzkowski, sophomore, stated, "The music was great and I had a really good time."

— Shawna Eberle

While slowdancing, Jennifer Elbel, junior, tries to sing Ray Covert, senior, from talking.

Fall, spring plays entertain the 'curious' and 'sleepy'

The Thespian Society was busy putting on productions for the entertainment of MHS students.

"The Curious Savage" was the Fall Play that was presented in Reinhart Auditorium on November 17, 18 and 19. Unlike previous years, the cast consisted of sophomores and juniors only. Tim Runholt, senior, was the student director who made the play very successful.

"The play was about a lady who was put in an insane asylum by her family," said Laurie Reinhart, senior, "and I thought it was very good."

Linda Roe, senior, said "The publicity for this year's play was much better than last year, and we did have a larger audience, but I think more students could have attended." After finishing the Fall Play, the Thespians went to work on the senior production.

"George Washington Slept Here" was presented on April 13 and 14 in Reinhart Auditorium. The cast consisted only of seniors.

Drew Furuness, guidance counselor, stated, "I enjoyed the play very much. The seniors did a very good job."

The play was directed by Bruce Woods, English teacher, with the assistance of Jessie King, senior.

The play was about a man who bought a run down house because he thought George Washington slept there.

Rich Robinson, senior, stated, "There was a lot of time and effort put into the play, but it was well worth it."

According to Dawn Spiroff, senior, "George Washington Slept Here" was very funny and well organized.

— Susanna Eibel, Vicky Tsampl

senior

Are you a 'real' MHS student?

Real MHS students don't eat quiche. Or do they?

In the past it was easy to be a "real" MHS student.

But not anymore.

Times have changed. Along with the changing times comes the changing ways of students.

It takes a special type of student to be a "real" MHS student. Students can be divided into two simple groups: those who wear socks and those who don't.

A real MHS student doesn't wear socks with their boat shoes.

A real MHS student doesn't buy Shaun Cassidy albums.

A real MHS student doesn't buy raffle tickets from a Hobart High School student.

"A real MHS student never goes to the Y & W drive-in alone," commented Troy Terry, senior.

Real MHS students don't listen to elevator music on Saturday night.

A real MHS student never wears hiking boots with sweats.

Real MHS students never shop at garage sales for their prom shoes.

All Merrillville students try to make the best of their weekends. A real MHS student can think of something fun to do to turn the boring weekend into a colorful one.

A MHS student TP's at least two and a half houses per weekend. (Real MHS students usually get caught in the middle of the third.)

Real MHS students visit the Southlake Mall for at least 10 of the 65 weekend hours.

A real MHS student spends three halves of their weekly allowance on video games at Aladin's Castle.

A real MHS student lives at night and sleeps during the day on weekends.

A real MHS student knows which street is Broadway.

"A real MHS student goes half day," said Mandy Leposky, senior.

A real MHS student has never heard of a book called Julius Caesar.

A real MHS first hour conversation consists of the previous day's happenings on "All My Children" and "General Hospital."

Are you a real MHS student?

— Tiffini Crowover

Is this the real MHS female? Of course, it's not. MHS girls have lots more class and sophistication.

The real MHS male doesn't wear floods and boat shoes. The guys at Merrillville have much more style and physique.

Basketball Homecoming

“The pep session got very rowdy and eventful.”

Irene Kourtesis, senior

Baby Tom D'Asto, senior, pulls the Junior Class float. The seniors won the Junior Class entry.

photos/Kawick

MHS goes 'wild and crazy'

Big Brother was watching MHS during the 1984 Basketball Homecoming.

The festivities began with a week of spirit with Hat Day, Clash Day, Button Day, Dress-Up Day and the ultimate Purple and White Day on Friday. To end the day's festivities a "wild and crazy" pep session took place in the gym.

Irene Kourtesis, senior, stated, "the pep session got very rowdy and eventful."

One of the craziest students at the pep session was Tom D'Asto, senior, who dressed up like a little baby to pull the winning Senior Float.

Crazy John Malocha, senior, also played dress-up but in a pom pon uniform. Malocha showed off the Pom Pon Float as well as showing all of MHS his sexy legs.

Craig Parker, senior, stated that the pep session was by far the best one we have had in a long time.

For the seniors, the major disappointment was the Junior Class winning the Spirit Stick. The juniors "miraculously" won the 1984 Spirit Week competition.

On a brighter note, Shari Moore, senior, won the Miss Basketball award and Mike Meschede, senior, won the Mr. Basketball award.

As for the night's festivities, the Pirates had a victory with a 46-42 win over the LaPorte Slicers.

Victories at halftime included Sophomore Prince Brad Curcio and his Princess Michelle Sikula.

Also, Junior Prince Jay Mack, and his Princess Karen Kirksey were chosen. The Queen and King of Basketball Homecoming were Dawn Halsted and Craig Kosac, seniors.

After the game, many MHS students enjoyed the Homecoming Dance sponsored by the Creative Arts Club.

— Vicky Tsamplis

Jeff Kontor, senior, goes up for a shot as Dave Herbert, junior, looks on. The Pirates defeated LaPorte 46-42.

Brad Curcio and Michelle Sikula were named sophomore Prince and Princess.

Jay Mack and Karen Kirksey were the Junior Prince and Princess of Basketball Homecoming.

Sophomore class members prepared their float for the Basketball Homecoming parade during the pep session.

Craig Kosac and Dawn Haisted, seniors, smile after being crowned King and Queen of Basketball Homecoming 1984.

News Events

Accepting one of the many American Music Awards, Michael Jackson thanked his family and fans. Jackson received great attention and fame from the "Thriller" album.

Senator Gary Hart and Walter Mondale, Democratic candidates for their party's nomination, ran a close race during the '84 primaries. Both Hart and Mondale campaigned throughout Northwest Indiana. The third Democratic nominee in '84 was Jesse Jackson.

Post Tribune photos

MHS watches the people, events of 1983-84

Unique events made 1983-84 a unique year.

Unforgettable and special people from Northwest Indiana made headlines as well as history.

Michael Jackson, singer, along with his producer, Quincy Jones, made a number one hit album of the year, "Thriller."

Jackson broke the record of winning Grammys when his awards totaled eight. Jackson's fame helped him to become the star of Pepsi's series of "New Generation" commercials.

In May, Jackson and President Reagan began a campaign to discourage drunk driving. Jackson was born in Gary, Indiana and began his musical career with the Jackson Five.

The 1983 season of the Chicago White Sox was definitely a memorable one. Ron Kittle, a player from Gary, was named

"Rookie of the Year."

Kittle batted home run after home run right over the walls of the park. The Sox played their way through the season winning the Western Division. The Sox learned to play "UGLY."

The Presidential primary race filled the country with excitement. Each month contained many campaigns, debates and primaries. Gary Hart, Jesse Jackson, and Walter Mondale were three of the Democratic nominees. All three visited Northwest Indiana. Hart won Indiana's Democratic primary vote.

The controversial movie, "The Day After" aired in November. This made for television movie portrayed the effects of nuclear war on people. Many television talk shows followed the movie raising some important issues about nuclear arms. The "Arms Freeze" movement

gained momentum in '84.

The 1984 Winter Olympics were held in Sarajevo, Yugoslavia. The United States had many talented athletes competing. Bill Johnson earned the U.S. its first downhill medal. Phil and Steve Mahre, the 26 year old twins from Yakima, Washington, participated in the skiing events.

Scott Hamilton, a U.S. figure skater, won a gold medal. The Summer Olympics were held in Los Angeles, California. Diane Durham failed to qualify for the gymnastics competition. Durham began her gymnastics career in Merrillville, Indiana and then moved to California.

The Olympics were overshadowed by the Soviet boycott. Over 10 countries decided not to participate in the games.

— Tiffini Crownover

Post Tribune photo

The Summer Olympics were held in Los Angeles in '84. Northwest Indiana resident, Diane Durham, failed to represent the U.S. as a member of the gymnastics team.

American League's "Rookie of the Year," Ron Kittle, runs for the base as he hits another ball over the roof of Comiskey Park.

So, you ask . . . What is there to do in Merrillville

Laura Hanas, junior, commented, "There's plenty to do, you just have to open your eyes and look around."

There are many attractions, new and old, in Merrillville that lure MHS students into having a great time. Watch us!

Some of the student attractions include the Holiday Star Theatre on Route 30, and the Family Fun Arcade on 61st Avenue. The Holiday Star includes a pool-side dancing area and bands providing the music.

Mike Meschede, senior, stated, "After taking in a flick, I enjoy going dancing at the Holiday Star to practice the 'walk' and just relax."

One of the older attractions, but still just about everyone's favorite is the Y & W Drive-in on Broadway. Tim Riese, senior, commented, "After working and playing sports, I use my spare time to go to the drive-in to just have a good time."

However, many students think a good party is the ideal way to spend their weekend.

Matt Wilk, junior, stated, "A party is the best way to relax and have fun, plus you get to get a little bit crazy with your friends."

If you're really stuck trying to find something interesting and fun to do, here are some ideas to help.

Southlake Mall is fun for shopping or just walking around, and you may be able to meet new people while you're there.

Chris Weiser, junior, stated, "I go to the mall to walk around and to meet girls."

There are many parks in Merrillville that offer different activities. Deep River on Old Route 30 has beautiful hiking trails and a nature museum with historic information about Northwest Indiana.

Last but not least, good old MHS is always there for after school and weekend activities. There is just about something for everyone.

Theresa Navarro, junior, summed it all up, "Go out, find something to do, and **watch us** live it up!"

— Shawna Eberle

Formal Dances

MHS couples share moments together

At MHS a date dance is a major event. With only four each year, MHS students really look forward to them.

"Date dances are fun because of all the time spent planning for them", stated Gina Gornick, junior.

Two weeks before a formal dance everyone is wondering who is going with who. Did he ask her or did she ask him? And, "why didn't I ask her earlier?"

The first dance of the year was Homecoming. It was given by the Student Council and was called "And Now a Word From Our Sponsors."

K.C. Bell, senior, remarked, "I think Homecoming was the best dance next to Prom."

Turnabout was next. It was called "Total Eclipse of the Heart" and was sponsored by FEA.

"Turnabout is great because it's your chance to ask out the guy you've been

wanting to go out with," commented Julie Fratzke, junior.

The next dance was called "Love Me Tender." It was sponsored by the Sunshine Society and was the Valentine's Day Dance.

Chris Massa, senior, said, "Even though there wasn't a big turnout at the Valentine's Day Dance, I still had a good time."

The last date dance of the year is Prom, but before that is Morp. Morp is sponsored by the Student Council.

Morp is Prom spelled backwards, and everything is the opposite of Prom. This year gym shoes had to be worn and no collars were allowed.

"The Morp Dance is fun because you can get to know the guy you are going to the Prom with," Karen Kirksey, junior, remarked.

— Sharin Pigott

At the Morp dance, Dean Ott, senior, and his date show everyone how dancing is done.

Lori Shilovich, sophomore, and Bill Ojace, senior, enjoy a dance at the Morp Dance. Morp is Prom spelled backwards.

Jon Peters, junior, and his date enjoy a slow dance at the Turnabout Dance, Nov. 12.

Karen Kirksey,
Junior

At the Valentine's Day Dance, on February 12, sweethearts enjoy a slowdance.

At the "Love Me Tender" dance, Paul Flacable and Bill Palge, juniors, save each other a dance.

Merlin creates magical acts

Merlin's Magic Moments was the theme of the Revue. Many different students with as many different talents participated in the school's annual talent show.

The show centered around King Arthur's court with twins Tim and Tom Runholt playing the character Merlin. Having two identical Merlins definitely made the show unique.

Phil Pardus, junior, commented, "I liked the theme, the character of Merlin really brought the show to life."

The acts in the Revue varied from dance and comedy skits to instrumental and vocal solos. One cast member, Dave DeStefano, went from playing a classical piano piece to the rock band Pegasus.

There were two performances of the Revue. On Feb. 24, and 25 at 8 p.m. The director was Bruce Woods, English teacher, and Cheryl Hardt, senior, was the student director.

Gregg Schuster, junior remarked, "I thought the Revue was well put together."

— Sharin Pigott

Jessie King, senior, practices for her dance solo to the song "Maniac".

The band, Pegasus, with Ron Bianco, Don Bianco, Mark Williams, Dave DeStefano, senior, and Bill Daniel, sophomore, take a break from a Revue practice.

Shawn Wojtska, senior, and Jennifer Potter, junior, sing a duet written by Shawn.

Having a royal discussion are queen, Linda Roe, and king, Brian Trefter. Between acts of "Merlin's Magic Moments", medieval sets and dialogue were performed.

What to wear? Where to go? What to say?

Movies, dances, the beach or a quiet evening at home together. What do all these things have in common? They are the favorite places to go for something everyone has experienced at one time or another, dating.

Dating can be the most pleasurable experience or the most nervous, disastrous experience anyone can ever go through.

From the boys point of view, getting the date is the hardest part.

Dave Herbert, junior, stated, "I get nervous about asking a girl out. If she says yes, I feel relaxed on the date because she must have liked something about me if she said yes."

Chris Cochran, sophomore, added, "I could like a girl for weeks before I get up the nerve to ask her out."

From the girl's point of view, getting asked out is exciting, but the date itself is the date. The main problems seem to be what to look, how to act and what to say.

Laura Hanas, junior, commented, "I try on at least ten outfits before I decide what I'm going to wear."

Gina Gornick, junior, said, "The most horrible part of a date is the silence when you don't know what to say. You feel so stupid!"

Most MHS students feel that if you and your date can break the sound barrier,

the date will be a success.

Branko Jacic, senior, stated, "I enjoy going out with a girl that is easy to talk to. If she's a good conversationalist, I have a really good time."

No matter how good or bad the evening goes, all people do agree that the evening ends in the best way possible: a sweet goodnight kiss.

— Shawna Eberle

photos/Kawicki

Barb Parks, sophomore, and Dave Weissert, senior, spend a quiet moment alone.

If you can't be together, the phone is the next best thing. Here Scott Zobel takes time out to talk to his girlfriend.

Gus Tascas,
junior

"I've been dating the same girl for a long time. I've enjoyed the experience."

Kim Zimmerman, junior, and her date take a break from the dance floor at the Prom. Prom dates are often long time relationships, but often the Prom can be a first date for some couples.

Dating

A dance group, Kaleidoscope, entertained the student body at MHS in February.

Motorists in the Merrillville area had to make a detour when they came to the road construction on Broadway. The construction was started in September 1983.

“Any move is hard to make, but I can leave knowing that I contributed to the young men of this community.”

Ken Haupt,
football coach

Watch us reach exciting new goals in 1984

It's been a busy year at MHS. Everyone's been watching us learn, play, participate and win.

Two outstanding athletes brought home state champ titles to MHS. Karen Dudak, sophomore, placed first at the state gymnastics meet in all-around intermediate competition.

"This year our team worked together and encouraged each individual as they competed. This team unity and support helped me greatly to win state," stated Dudak.

Scott Mundell, senior, also won the state title in the 115 pound weight class in wrestling. Mundell stated, "I felt more relaxed this year. I learned from last year not to worry about other things going on around me, but just concentrate on my wrestling."

Clubs were also busy in '84. OEA proved to be a successful new club when Patty Freeman, senior, placed first in the Typing and Related III contest at state competition, and she went on to the national competitions, placing ninth.

"The MHS chapter of OEA is so new, and there was really tough competition at state. I was really shocked when I heard them say I had won first place!" exclaimed Freeman.

SADD is another new club introduced to MHS. The club's purpose is to persuade teenagers not to drive if they have been drinking. Sponsor for the club, Jerry Kasarda, commented, "I don't like to see

teenagers drive under the influence — it's a very personal problem because it just may be me out there that gets hit by an ongoing car and drunk driver. We're not only helping others, but we are also helping ourselves."

Individual efforts were also recognized. MHS had six outstanding students to be proud of. Lenny Pysh, Angie Cristo and Bob Stephan, seniors, and Scott Terek, Denise Bezick and Al Wirtes, juniors, represented MHS at the U.S. Academic Decathlon in Los Angeles.

Pysh commented, "Representing the state of Indiana in the Academic Decathlon is a great opportunity not only for those involved but also for MHS. The invitation to participate shows that MHS's academic programs are just as strong as their athletic programs."

Stephan, Cindy Lamfalusi, and Pysh, seniors, have also been named the three Merit Scholars at MHS for 1984.

"It's a great honor to be part of the Merit Scholars, and it will really help in paying for college," stated Stephan.

The '84 school year was the last year for two MHS administrators.

Ted Klooster, former assistant superintendent, was forced to resign because of a misunderstanding involving the ordering of over \$30,000 worth of pens. Klooster commented, "I regret my bad judgment in even speaking to the company."

John Stone, assistant principal, also an-

nounced his decision to retire from MHS after this year.

"I guess I'm just tired of it. I've had 31 years of education and I feel it's time to relax," explained Stone. He also added, "I'll miss certain things and people, but dealing with discipline is so trying."

Ken Haupt, football coach, also announced his decision to leave the Merrillville School system. He plans to make a move to Indianapolis to coach and to take on an administrative position at Southport High School. Haupt explained, "Any move is hard to make, but I can leave knowing that I contributed to the young men of this community."

MHS teachers were also in the news. The teachers worked almost the whole year before ratifying a new contract. Toward the end of the year, a few teachers got restless and started to picket, and there were rumors of a possible strike. But on April 13, teachers voted for a 3 year contract raising the starting salary to \$15,000 for a new teacher in January of 1985.

Chris Pavel, English teacher, stated, "We started to get a bit disgruntled. The contract is somewhat deceptive because a new teacher coming into this school will not make \$15,000 because that pay doesn't become effective until January of '85."

Watch us!

Kawicki

Students at Pierce Junior High School demonstrate techniques they could use in case of an emergency during the Disaster Drill.

'Only You' activities continue into morning hours, next day

"Only You" was the theme for Prom 1984, which was April 28 at the Greek Hall. Spasoff Studios took pictures and L & L Sound System provided the music for the Prom.

"The music was really fun to dance to," said Jeff Kontor, senior.

Unlike previous years, there was no Post-Prom, so couples had to find restaurants that were open past midnight to accommodate them. Popular spots were Harold's Club and Jen's Steakhouse.

K.C. Bell, senior, said, "I liked finding our place to eat instead of going to Post-Prom."

Prom favors were glass mugs and

sniffers. Because of the SADD club's recent effort to prevent drunk driving, administrations thought it was appropriate for the favors not to be distributed on Prom night. The glasses were passed out at school the week after the Prom.

After a night of dancing and eating, everyone went home to sleep for an hour or so before getting up for the "day after Prom" activities. Many people went to Turkey Run or the White Sox game.

"I had a great time at the Prom," said Lisa Gatlin, sophomore. "I thought everything was really nice."

— Susanna Eibel

“The music was really fun to dance to.”

Jeff Kontor,
senior

The annual Prom ritual of taking off their date's garter is carried out here by the guys.

Prom

Lou Spiru and Valerie Vessely, seniors, smile each other while waiting in line for pictures to be taken.

Neil Eubank and Karen Kirksey, juniors, smile proudly after being crowned King and Queen.

George Marks, Cindy Owen, Darryl Bennett, and Teresa Berger, seniors, step out of their limosine in style on Prom night.

Students receive recognition, scholarships at MHS

On Tuesday, May 22, the faculty and various generous organizations recognized students of high academic achievement and excellence.

Valedictorian and Salutatorian: Len Pysh, Mark Dimitri.

Academic Decathlon: Angela Christo, Robert Stephan, Len Pysh, Denise Bezick, Scott Terek, Al Wirtes.

Academic Quiz Bowl: Mark Dimitri, Carl Tully, Scott Terek.

Aid Association for Lutherans Award: Len Pysh.

American Legion "Outstanding Senior Boy and Girl" Award: Joe Pienta, Cindy Lamfalusi.

Art Awards: Becky Drakis, Vicki Jewell, Carl Tully.

Bank of Indiana Award: Linda Roe.

Beta Sigma Phi Scholarship: Janice Lilly, Vicki Jewell.

Business Awards: Becky Christoff, Danette Kerns, Lisa Surowiec.

Calumet College Alumni Book Award: Christine Daniel.

Daughters of the American Revolution "Good Citizenship Award": Shari Moore.

English Award: Warren Eckels, Len Pysh.

Foreign Language Awards: Mark Balazs, Warren Eckels, Irene Kourtesis, Richard Robinson.

Greek American Brotherhood Award: Kandy Papageorge.

Home Economics Award: Debbie Barnes, Melissa Henrichs, Barb Huddleston, Janet Jasin.

Hoosier Scholars Indiana Scholarship Commission: Shari Moore, Joe Pienta, Richard Robinson.

Hugh O'Brien Outstanding Sophomore: Linda L. Walsh.

Indiana Society of Professional Engineers: Brian Tretter.

Industrial Arts Awards: Kim Greene, Tim Higgins, Tim Ochoa, Tom Mihal, Rich Niles, Ed Yonker.

JETS Team: Tom D'Asto, Mark Dimitri, Warren Eckels, Karen Ector, Cheryl Fossey, Cindy Lamfalusi, Len Pysh, James Rubush, Scott Terek.

Jim Jaskolka Memorial Scholarship: Lisa Wilkison.

Journalism Awards: Denise Bezick, Laurell Evans, Shari Moore.

Math Awards: Mark Dimitri, Scott Terek.

Merril-Glen Kiwanis Career Camp: Chris Cochran, John Garcia, Carri Broda.

Merrillville Kiwanis Police Camp: Jim Krausnick, Angela Lopez, Savo Micic, Scott Ricardi.

Merrillville Sports Association Award: Brian Curcio, Jennifer Thompson.

Music Award: Jessie King.

National Council of Teachers of English: Warren Eckels.

National Merit Scholarship: Cindy Lamfalusi, Len Pysh, Robert Stephan.

Physical Education Awards: Karen Dudak, Brad Curcio.

Purdue University Certificates of Recognition: Angela Christo, Tom D'Asto, Mark Dimitri, Patty Fargo, Cheryl Hardt, Michelle Knopf, Kathy Kral, Phil Labash, Paul Loznoski, Diane Nicksch, Shari Patterson, Jeff Petroff, Joe Pienta, Joan Puntilla, Richard Robinson, Jennifer Thompson, Brian Tretter, Valerie Vessely, Joe Zajack, Robert Zalcak.

Purdue University Calumet Talent Awards: Jerald Bandy, Warren Eckels, Denise Emery, Kathy Krol, Shari Moore, Kandy Papageorge, Shari Patterson.

Rotary Scholarship: Cheryl Hardt.

Science Awards: Brian Curcio, Mark Dimitri, Joe Pienta, Len Pysh, Eric Schrenker.

Secondary School Principals "Century III Leaders." Cindy Lamfalusi.

Skinner Scholarships: Toby Darksins, Mark Dimitri, Cindy Lamfalusi, Donna McBrayer, Len Pysh, Steve Wilczynski, Lisa Wilkison.

Social Studies Awards: Irene Halkias, Len Pysh, Robert Stephan, Vicky Tsampis.

Boys and Girls State: Scott Terek, Greg Schuster, Carrie Czarnecki, Colette Lindberg, Julie Zale.

Suburban Federated Woman's Club: Barb Huddleston.

Kirk Vikroy Memorial Scholarship: Laurell Evans, Jennifer Thompson.

United States Army Reserve National Athletic Scholar: Brian Curcio, Shari Moore.

United States Military Academies: West Point — Eric Schrenker, Brian Tretter, Air Force Academy — Kevin Bell, Jim Rubush.

United States Presidential Scholars Program: Cindy Lamfalusi.

United States ROTC Scholarship: Toby Darksins.

United States Senate Youth Program: Len Pysh.

"M" Awards: Mark Dimitri, Kathy Krol, Cindy Lamfalusi, Shari Patterson, Joe Pienta, Len Pysh, Christine Daniel, Karen Ector, Cheryl Fossey, Larry Kacmar, Colette Lindborg, Catherine Malocha, Melinda McCarty, Michael Mesarch, Kimberly Pachapa, Shari Pigott, Scott Terek, Daniel Wikse, John Allen, George Angelov, Leanne Bell, Geoffrey Chidsey, Lynn Drennan, Karen Kasprzak, Stacy Lawrence, Michael Lisch, Darleen Maryovich, Jeffrey Pastor, Christine Psaros, Candace Rathjen, James Rey, Sheri Sahacki, Lisa Tidwell, Brian Tomb, Linda Walsh, Sheila Yonker, Donna Zaikos.

Perfect Attendance: Four Years — Rebecca Adams, Mark Batman, Angela Christo, Mark Dimitri, Eduardo Lopez, Chris Miller, Diane Vermillion, Robin Wade, Lisa Wilkison.

— Vicky Tsampis

Sherman Lewis, guidance director, addresses the audience as Bob Stephan, Lynny Pysh and Cindy Lamfalusi, seniors, proudly receive their awards.

Kevin C. Bell, senior, looks on as he is commended for his high achievements at MHS which earned him an appointment to the U.S. Air Force Academy. Jim Rubush, senior, was also appointed.

“It was an honor to receive so many awards.”

Senior

Senior Week

After Commencement practice, seniors show how glad they are that they're made.

Photos/Kawicki

At Commencement practice the Senior Class receives last minute instructions.

John Krausnick, Scott Semper, Jeff Oglego and Craig Parker, seniors, concentrate on getting their food at the Senior Breakfast.

Breakfast, wills, practice . . . then the final ride 'round MHS

After 12 long years it was finally here, the week seniors had been waiting for.

"I'm glad to finally be graduating from MHS," commented Rich Robinson, senior.

Senior Week started with the Senior Dance on Tuesday, May 29. Although the turnout wasn't as big as expected, those who went had a fantastic time.

Kathy Foreman, senior, remarked, "There weren't many people at the dance, but I really enjoyed myself."

The next morning, May 30, was the annual Senior Breakfast. MHS seniors enjoyed reading the Senior Mag and socializing with their friends.

"It's always fun to read the senior wills and see who left who what," commented Janice Lilly, senior, as she was reading the Senior Mag.

Jeanne Dudak, senior, said she enjoyed "getting together" with her friends at the Senior Breakfast.

Then, all the seniors went to the gym for Commencement practice. They spent this time going over the ceremonies.

"Commencement practice was boring, but it was nice to spend time with my

"It's
fun to
read the
senior
wills

and see who left
who what."

Janice Lilly,
senior

friends for the last time at MHS," remarked Shari Moore, senior.

Then the seniors headed out to their cars for their traditional parade around the school. Some students decorated their cars, but mostly they just got crazy!

"I was up until 1 a.m. blowing up balloons for my car," said Susanna Eibel, senior.

— Sharon Pigott

At the Senior Breakfast, Paul Simonovski, senior, anxiously buys a Senior Mag.

Bob Fox and Chris Modglin, seniors, look on as Jean Webb, treasurer, signs them out.

Photos/Kawicki

“Through all our years of school, we have always looked forward to that day when it would be all over.”

Mark Dimitri,
senior

After receiving her diploma and rose, Melissa Henrichs, senior, proudly walks back to her seat among her fellow classmates.

1984 valedictorian Lenny Pysch addresses the class with the traditional valedictorian speech.

MHS graduates share final moments together

Good times.
Best friends.
Crazy memories.

These were just some of the things the graduating class of 1984 reminisced about at graduation time.

To some, graduating symbolizes an end to some of the best times of their lives.

Nancy Gress, senior, commented, "I have so many good memories. Even though I couldn't wait for this moment, I hate to go."

To others, it represents a new beginning, the first day of the rest of their lives.

Kathi Pederson, senior, stated, "I've loved high school, but I think I'm ready to go on to bigger and better things."

Commencement exercises were on Thursday, May 31 in Engelhart gym. Lenny Pysh, valedictorian and Mark Dimitri, salutatorian, gave speeches.

Mark Dimitri, senior, stated "Through all our years of school, we have always looked forward to that day when it would be all over. Now that this time has arrived, you can see that high school wasn't really that bad."

Commencement exercises ended with the traditional turning of the tassels and the bouncing of beach balls.

— Shawna Eberle

The graduating seniors proceed into the gym to start commencement.

Denise Emery, senior, flashes a proud smile at Mr. Tom Herbert, assistant principal, while receiving her diploma on May 31.

Graduation '84

Watch us learn at school

Watch us learn.

Students are offered a wide variety of courses at MHS.

College-prep and advanced placement courses are offered to those planning to further their education.

There are also courses offered for vocational training such as Building Trades and business courses.

Many students felt the importance to include computer courses in their schedules. Bob Winchester senior, stated, "Because of advancing

technology, computers are going to be very important in the future."

Though most students enroll in Basic I and II, MHS also offers Cobalt, Fortran and Pascal computer languages.

The math department offered the math clinic again this year. A SAT Workshop was also offered for students planning on taking the SAT tests.

Many college representatives visited MHS throughout the fall and winter months to help students plan for their future

education.

Patti McNally, senior, stated, "College representatives really help when it comes time to decide what college to attend."

Watch us learn!

Concentrating on a difficult test is Jay Mack, junior.

Child development class teaches students how to care for children. Kathy Oliver, senior, helps a little girl put her hat on.

Ray Hamilton, German teacher, greets parents at the Parent-Teacher Conferences.

Learning how to use the printing press is just one of the things Rich Taber, senior, has learned in the Graphic Arts class.

Helping kids unwrap gifts at the Christmas party, Janet Jasin, senior, learns more about children.

photos/Kawick

Mizerak

Taking notes helps Kim Boatner, junior, to increase her speed and accuracy in shorthand.

Margaret Stallings, home economics teacher, supervises a Halloween party in the child development class.

The future can be pretty scary for graduates, but the home economics and business departments are

MEETING DEMANDS

Future occupations demand more and more every year. To meet those demands, MHS students took business and home economic courses offered in the curriculum.

Computer programming was one of the more popular choices.

Pete Andreis, junior, suggested, "Taking these classes in high school will give me a basis on which to expand my knowledge of computers and programming for my future studies in college."

Robbie Bothwell, business teacher, added, "It's good to be well educated in

several/different areas because eventually those skills will be put to use."

"It's good to be well educated in several different areas because eventually those skills will be put to use."

Male or female, everyone needs to know how to sew on a button, or prepare

a meal. Gourmet foods and clothing helped the future homemakers to be a little more prepared.

Tommi Dudak, junior, said "Home ec courses helped me to discover some of the hidden problems and responsibilities some people take for granted."

Donna Vasquez, junior, commented, "I majored in home ec so I could be more sure of myself and make sure I do the best that I'm capable of doing when I enter the world out on my own."

— Mary Croarkin

Waters

Mizerak

To help a student type faster, Joann Castlen, business teacher, gives many tips. Many students will advance to using word processors.

Adding some finishing touches, Carol VonBehren, home economics teacher, demonstrates the skill of cake decorating to her students. Cake decorating is offered as a two hour block every year.

Certain English courses are required at MHS. However, some electives are equally important, especially the classes that help students by

IMPROVING ABILITY

Developmental Reading is a nine-week course. Its purpose is to increase reading, studying and comprehension.

Although there is a classroom teacher, what makes this class unique is that it is mainly instructed by a series of 30 minute video tapes.

The video tapes teach hand motion

"Many students apply the methods and skills they learn in class to other places where they read."

techniques to increase the students ability to read. The class also offers timed writing sessions and short reading comprehension tests.

"Being taught by a T.V. makes this class different as compared to all my others," commented Jay Mack, junior.

This is the first television-taught class to exist at MHS, and it seems to be very successful.

"Developmental Reading has helped me to read faster as well as understand what I read," explained Carey Johnson, senior.

This program, which has been in existence at MHS for five years, helps students in other classes as well.

"Developmental Reading techniques have helped me in my U.S. History class to read and understand more," stated Lisa Bowling, junior.

Barbara Koby, English teacher for the class said, "Many students apply the methods and skills they learn in class to other places where they read."

— Sharon Pigott

Last minute studying keeps Jesse Guardiola, junior, entranced in his English book.

Photos/Kawicki

Linda Fry, English teacher, reads over an English Literature assignment in class.

Relaxing in the library, Deno Ylankes, senior, finds the time to study for his term paper for Advanced Composition.

Steve Grantham, senior, discovers developing film is a time consuming process. Steve is a photographer on the newspaper staff.

Terry

Teaching her intermediate Composition class, Barbara Koby, English teacher, tries to explain a five paragraph composition.

Knowing a foreign language has many benefits. It is an English language

ENRICHMENT

MHS offers three foreign languages. These include German, Spanish and French. All three languages are offered up to four years. Each of these courses teach the students vocabulary, speaking and listening skills in their respective languages.

Mary Jeffries, Spanish teacher, said "In order to communicate well orally or in writing, you simply need to know the mechanics of the language. Knowing a second language enriches knowledge in our own language."

Each course also teaches the students about history and the different cultures of the respective languages. The teachers accomplish this in a variety of ways.

In German I and II the students learn the vocabulary and grammar of the language. In German III and IV the students work on improving their reading, writing and speaking skills by performing skits. The students write their own skits and video tape them. Ken Haupt, senior, said

that the skits "made learning the language easier because of the actual con-

"Knowing a second language enriches knowledge in our own language"

versation taking place during the video."

With today's competition for jobs, a second language is a big plus. A foreign language could also give the student a head start in college. By testing out of their respective language, the student can earn college credit.

Rich Robinson, senior, added, "Hopefully after taking four years of German, it will help me in future endeavors."

— Janice Lilly

Terry

Finishing the work with the headsets, Cheryl Fossey, junior, gets ready to take them off.

Donna Zaikos, sophomore, receives help from Sean Dwyer, Spanish teacher. Mr. Dwyer was a replacement for Mary Ann Bertram, Spanish teacher, while she was on leave.

The industrial arts classes and the Gary Career Center give MHS students the opportunity for

LEARNING A SKILL

The Gary Career Center provides many opportunities for the students in the area schools. A student spends three hours at tech and the remaining three at their home high school.

The career center is designed to provide education and training for juniors and seniors with determination and potential.

Credits are earned at tech and are counted toward the student's graduation.

About 50 MHS students are enrolled at the Gary Career Center each semester. MHS provides the transportation to and

"Going to tech will give me the experience I'll need for the future."

from the career center.

The Gary Career Center keeps and maintains a record of past tech students and tries to find jobs to match the students' skills.

Courses are in building construction and maintenance, business, communications, health and personal services, me-

chanics, metal working and technology.

Although a great part of the school is made up of boys, girls do a good job filling up the personal services classes.

"I'm training to become a cosmetologist at the tech. After I'm done, I'll be eligible to apply for a license," commented Linda Hajvert, junior.

Only those students who can be expected to profit through their specified course are selected for enrollment.

Rob Rassbach, junior stated "Going to tech will give me the experience I'll need for the future."

— Tiffini Crowmover

At the Gary Career Center, Matt Wilk, junior, shows Roger Ooms, junior, how it's done in carpentry class.

The clinic was set up
for certain math students who need

EXTRA ASSISTANCE

For many MHS students the math clinic is providing extra assistance in algebra and geometry.

Any student who is having trouble in understanding these courses is encouraged to attend the math clinic.

Tom Feeney, math teacher, runs the clinic on Monday and Wednesday from 3 to 6 p.m.

Approximately 15 to 30 students attend each session of the clinic. Around exam time the number increases to 45 students.

Mr. Feeney stated, "I feel there is a need to have the clinic for those students who need extra help other than class

"The grades in the math courses have gone up since the program has started."

time."

The idea of the math clinic came from the administration's Central Office. The program was started to help a large percentage of students who were having difficulty.

Tom Herbert, assistant principal, said, "We are very pleased with the way the program is run and with the dedication of the students."

He also added, "The grades in the math courses have gone up since the program has started."

Russ Ippolito, sophomore, said, "Mr. Feeney explains it with examples that you can really understand."

Diane Ramuscak, senior, stated, "By attending the math clinic, I've received extra help that has resulted in a higher grade and a better understanding of the subject."

— Angle Trafficante

During geometry class, Tom Feeney explains an error to baffled students.

Waters

During computer programming, Chuck Mahafey, senior, listens intently to Tom Peller, computer teacher.

While typing in a program, Cliff Fackler, computer teacher, explains an error to Lisa Wescott and Dan Proctor, Juniors.

Kawicki

Getting valuable teaching experience, Laura Sauerman, student teacher, gives her assistance to the math curriculum.

Keeping her eyes on the copy, Esther Raehl, senior, types diligently in her word processing class.

The guidance department helps students with colleges and careers. They guide students into making

A MAJOR DECISION

Former MHS graduates who are currently enrolled as freshmen in college returned to speak to those students interested in attending college.

This was the first time the program was put into use. Shirley Matysiak, guidance counselor, organized this program to show students the difference between the life at MHS and the college life.

Joe Michael, a freshman at Purdue University, stressed the importance of learning to set a value system.

He stated, "You can't make it through college and pass without learning to study and take school seriously."

"You can't make it through college and pass without learning to study and take school seriously"

Laura Vrtikapa, junior, remarked, "They helped by answering questions about the social life at college."

She also added, "They tried to get the point across that college isn't as hard, academically, as people say."

Laura Hanas, junior, said, "They helped show the classes offered at MHS that provide a good base for college courses."

Guidance also assists students in choosing their curriculum for the next school year. Becky Kachur, junior, stated, "In guidance they help you decide the classes which are most beneficial for college."

Many MHS students turn to guidance seeking aid in scholarship funds. Susanna Eibel, senior, said, "Mr. Furuness was very helpful throughout my three years at MHS, especially my senior year."

— Angle Traficante

Former MHS students took time from their Christmas vacation to talk to MHS students about college.

While in the AV room, Larry Lopez, sophomore, prepares a film to be shown.

Drew Furuness, senior counselor, works diligently at his desk.

Donna Dogan, junior, focuses the video camera in preparation for the day's use.

Kelly Eich, junior, plans her schedule with Linda Davis, junior counselor.

Carefully weighing the substances, Yvette Savich, junior, accurately dials the balance to obtain her data.

Photos/Waters

While studying chemistry, Bill Gornik and Brian Shimley, juniors, share a book.

Working hard on his assignment, Bill Parsons, sophomore, rushes to finish before the bell.

In many of the science classes,
the curriculum includes important

EDUCATIONAL LABS

MHS lab sciences are instrumental in the preparation for college lab science courses.

These courses not only allowed the student to get out of the dull, everyday classroom atmosphere and into a more relaxed sociable atmosphere, but these labs also prepared the science student for the long hours they will spend in lab in the years to come.

Also, labs helped the student gain valuable information about the world and universe around them. In chemistry the students were taught about the properties of matter and how matter reacts to form

new matter.

Lou Batides, junior, said, "Chemistry is a good education process because it teaches the student how certain chemicals react to give products. It is the student's job to analyze this process."

Earth Sciences allowed the students to learn about the earth. Physics prepared students by teaching them about the composition and interactions of substances and energy. Biology lab helped students to understand the genetic characteristics of living things.

Melisa Henrichs, senior, said, "It's very educational in the fact that we are learn-

"Labs helped the students gain valuable information about the world and universe around them"

ing about the different genetic characteristics, and it helps us to experiment and learn for ourselves about the different fields in biology."

AP U.S. History courses were offered at MHS for juniors who wanted to put forth the

EXTRA EFFORT

Those students who wanted a more challenging course had the opportunity to get into an AP History class.

It was not that difficult to get into as long as the student was in the top 25 percent of the class and went through the set requirements. The student started with a meeting in the spring at which time they were informed about the advanced program.

The interested student must then apply for the course. The application consists of grades, interests, and a paragraph written by the student.

This class may not be for everyone because of the extra work involved.

Scott Terek, junior, said, "The work is more difficult and there is more of it. This course is not for anyone who does not want extra work."

The extra work includes outside reading, interpretations, discussions, and extra writing assignments not found in ordinary classes.

After completion of the class, the students have the option of taking a test given by the Educational Testing Service, E.T.S. Although this test requires a fee, a high score will earn college credit at some universities.

Debbie Mihok, senior, who took the class last year, commented, "Although

"The work is more difficult and there is more of it.

This course is not for anyone who does not want to work."

there was a lot of hard work in the class, I found it very helpful."

Andrea Kawicki, junior, said, "I like it because it was a big challenge and Mr. Edgcomb made it exciting. The class was worth it."

Discussing a piece of mail, Dorothy Goetze, secretary, points out important dates to Paul Schuyler, principal.

An assistant principal retires
after 14 years. Students
will miss his compassion

AND UNDERSTANDING

Things will not be quite the same. John Stone, assistant principal, will no longer be at MHS.

"I guess I'm just tired of it. I've had 34 years in education, and I feel it's time to relax," said Mr. Stone.

Mr. Stone, who had been assistant principal at MHS for 14 years said he will certainly miss the daily excitement of MHS life, but he won't miss the disciplinary problems.

"I'll miss certain things and people, but dealing with discipline is so trying," he explained.

However, Mr. Stone will not be the only one doing the "missing".

Marlene Harmon, Mr. Stone's personal secretary for the past 10 years, commented, "There's really nobody like him."

Richard Ebler, English teacher, stated, "I will miss working with him. He has done a great job. I hope he will enjoy his well-earned retirement."

Most students agreed that he shouldn't have retired because of his knowledge of teenagers.

Peggy Lach, junior, commented, "He understands the ways of teenagers."

Willie Cruz, senior, agreed, "He is a

good principal. He gives you the benefit of the doubt."

"From having experience with Mr. Stone, I don't think he should retire because he knows the students and how they think better than anyone," commented Tony Haines, senior.

According to Mrs. Harmon, "It is apparent most students think highly of Mr. Stone."

"They appreciate how he helps them even though he might have come down hard on them," she added.

Mr. Stone was also happy with the students when they finally made it through graduation.

"Commencement is always a highlight, but it's sad to see the people you've known for years to leave," he explained.

In addition Paul Schuyler, principal, added, "I understand his reasons for retiring but I will miss working with him."

Most students did agree that they would miss the compassion and understanding he exhibited daily.

Lisa Regeski, junior, stated, "I don't want him to retire. He's pretty cool. He understands the way you are. He doesn't yell at you and is always joking around

He's pretty cool. He understands the way you are. He doesn't yell at you and is always joking around with you."

with you."

Illustrating the compassion he exhibited toward the students, Mrs. Harmon recalled a situation with a girl who had extreme family problems.

"We had a policy here at one time where a student could not miss more than five days in a row. A student wanted to take an extended vacation with her parents because of family problems. Mr. Stone let her go and as a result, the family was brought back together," reminisced Mrs. Harmon.

After retiring, Mr. Stone said his plans were "nothing specific but lots of golf with my wife, and maybe we'll travel to Florida."

Taking tests is an everyday event in high school; students learn to

HANDLE PRESSURE

Sweaty palms. Cracking knuckles. You're trying to remember ... everything. It was time for the dreaded SATs.

The Scholastic Aptitude Tests are designed to measure the verbal and mathematical abilities of each college bound student who takes the test.

About two weeks before the test is to be given, one can notice the tension of the students just by walking down the halls. Students tend to become moody and irritable. Those were sure signs that it was time for the SATs.

Rose Vraniskoski, senior commented, "All I can say about the SAT is that it made my brain hurt."

The American College Test is another type of college bound test. Colleges sometimes require this test instead of the SAT.

"I thought the ACT was somewhat more difficult than the SAT, but I had to take it because it is required by the college that I want to go to," stated Chris Franz, senior.

The Achievement Test is sometimes required by colleges for placement reasons. There are 14 different tests in various subjects such as English composition, English literature, languages, science, math and social studies. The cost for these tests range up to \$17.50.

Workshops for the SATs were held prior to the tests. They began on March 13 and ended on May 3. The cost for the work shop was \$20.

"I think the pre-SAT workshops helped me out a great deal because the teachers explained to us the type of problems that were going to be on the test," mentioned Lou Batides, junior.

Students began to prepare for the 1984-85 school year in February. The counselors were available to answer any questions students may have concerning scheduling.

Linda Davis, guidance counselor, commented, "I usually recommend to the students who are interested in going to college to take four years in English, and a minimum of 18 credits in social studies, math, foreign language and science."

Sherman Lewis, guidance director, said, "I would say that about half of the graduating classes at Merrillville end up attending college."

Visiting colleges this year was a popular weekend pastime. There were many reasons for the college visits such as seeing athletic events, seeing friends, going

to parties, and the most likely reason ... checking out the college itself.

"A good time to visit colleges is during the school day. You get to see what college life is all about and to see if college is for you ... or not," one student commented.

A large variety of pamphlets, books, audio-visual aids were available to the students throughout the year. The Col-

"All I can say about the SAT is that it made my brain hurt."

lege Handbook, The Index of Majors, and the Comparative Guide to American Colleges are only a few books that students have available.

The math clinic was another way students could take advantage of the benefit of getting good grades. The clinic was held on Mondays from 3:30 to 6 and on Wednesdays from 4 to 6 in Room 120.

Tom Feeney, math teacher, comment-

ed, "The math clinic is made available to the students who would like a chance to improve their grade."

A new addition of classes to MHS was the Informal Geometry and the Introductory Algebra class. These classes are offered to students who are interested in a non-tech oriented career.

Dr. Timothy Hyland, assistant superintendent, commented, "I have received assurance from Purdue, Indiana University, Indiana State University and Ball State University that two semesters of Introductory Algebra will be considered equivalent to one semester of college prep algebra. These schools, excluding I.U., will accept Informal Geometry as a college prep math course in all non-math science, technical related fields. I.U.'s decision is pending examination of a course description."

Merrillville's college prep program has, according to many students, satisfied the requirements asked for by the college that they wish to attend.

"MHS has helped me a lot with arrangements for college. The counselors told me exactly which classes to take," commented Linda Kruppa, senior.

MHS offers many courses
for the student who enjoys

BEING CREATIVE

Looking at and taking clear, concise pictures is great especially when familiar faces are in them.

To help make that possible, the art department created a new course. To interested students, a one semester photography class has been added to the curriculum.

Doug Waters, senior, participated in the class "to learn the basics of film development and the art of photography."

The class and the program has been trying to add the needed facilities.

"Having your own camera and accessories helps, and the homework is something you want to do," stressed Chris Fry.

"Rewards were given for
outstanding projects"

senior.

Janet Anderson, photography teacher, explained, "The students learned about the equipment and their uses.

They also learned how to develop black and white film along with the composition of the pictures."

In January, the photography class participated in an art/photography contest. Besides receiving grades, rewards were also given for outstanding projects made by the students.

"The students also did the projects for their own rewards and self-improvement," added Mrs. Anderson.

Watch us grow into clubs

Watch us grow.

Through clubs and activities at MHS, we have grown. Clubs are organized so that students can become involved with the school.

MHS offers a large variety of clubs, and new clubs are being added every year.

The Key Club is a new club started last year. Members of the club are involved with community projects.

For creative students, The Creative Arts Club was also added last year.

Members of the club work all year to produce the "Purple Plume" at the end of the school year.

Another new club this year was OEA (Office Education Association). Students interested in business make up the club sponsored by Joann Castlen, business teacher.

"OEA is a fun club to be in. It's hard because we're new, but we have a lot of activities and competitions planned," explained Patty Freeman, senior and vice president.

All of the clubs at MHS help students grow as individuals and participate with others.

Watch us grow!

Participating in the game "Back to Back" are Caroline Gulp, senior, and a Guest student from Whiting.

Veronica Garza, Junior, edits copy for the next issue of the school newspaper, "The Mirror."

Taking care of last minute preparations for the Homecoming parade are Mary Jetties, spanish club sponsor, Irene Kurtosis, senior, and Mark Enzweiler, Junior.

Kim Boatner, Junior, and Chris Modglin, senior, spend the evening together at the Homecoming dance sponsored by Student Council.

Preparing for the future!

Clubs promote career choices

Four clubs have proven to be successful at MHS. They are FEA, Future Educators of America, OEA, Office Education Association, FHA, Future Homemakers of America, and the Science Club.

OEA taught the basic skills required for a successful office career. Robin Layman, senior, stated, "OEA is beneficial to the educational process". The club raised its own funds by selling candy this year. Lisa Bonich, senior, commented, "Selling candy was a good way to keep the club self-sufficient."

FEA stressed the importance of education in America. To show their appreciation for teachers, the club sponsored a breakfast for the staff. Each staff member received a plant. Carol Teeter, sponsor, replied, "We enjoyed doing something for the staff for a change." The club

also sponsored the annual Turnabout.

FHA taught the students something about life. They went caroling through the nursing home at Christmas time, bringing stockings of candy to the senior citizens. Faith Mikulka, president, said, "We really enjoyed making Christmas brighter for the senior citizens."

Science Club went on many field trips. They visited the Milwaukee Museum and Chicago University.

The Science Club sponsored Science Week with a question everyday on the announcements. The person who answered all the questions correctly won a prize.

Glory Murray, senior, stated, "The Science Club is a great learning experience."

— Kris Kouvelas, Buffy Palvas

One of the many field trips the Science Club took was to the Milwaukee Zoo. Here club members Glory Murray, Desiree Baehler, seniors, and sponsor, Chris Pavel, enjoy the sights.

The FEA sponsored a teacher's breakfast, and plants were given to teachers who attended. Carol Teeter, sponsor, watches as Mary Halkias, office aide, and Jim Vermillion, science teacher, pick out their plant.

Patty Freeman, senior, types memos at Parkway Mechanical, where she is employed through the OEA program.

New routines, mascot 'Bucky' add spirit

Some school spirit comes natural with friends yelling nicknames to their buddies during games and matches. However, when the chips are down and things become a little dreary, that's when it is hard to keep up spirit. At such times, the Pep Club and Pom Pon Squad gave fans a boost to stay behind their teams.

The Pep Club, lead by sponsor Carol Teeter, participated in promoting school spirit. With Bucky and purple and white Pirate hats, the Pep Club could be seen with their hands together. They clapped to cheers and made several posters to decorate the walls wishing good luck or congratulations to the many athletic events at MHS.

"The Pep Club and my participation in it showed me that by being involved with the club and other people helped to promote team spirit. This is very important to the members of the teams. It showed and let them know that we were behind them at all the games," replied Danette Guzman, senior.

The Pom Pon squad, instructed by Candi Bella, consisted of 40 girls ranging from sophomores to seniors. One of their highlights was the unique dance routines during half-times of the varsity football and basketball games. This allowed fans to let loose and clap along which added extra rowdiness in the stands.

Diane Ramuscak, senior, emphasized, "Pom Pons helps to promote school spirit and rowdiness to fans."

— Mary Croarkin

Promoting school spirit:

Back Row — Bess Ferentinos, Bill McCoy, Onofrio Olivadolli, Rich Jimenez, Gary Murray, Carol Gruber, Barb Hippie, Craig Shoenfeld, Angie Burger, Rich Robinson, Paul Tomak, Nancy Carlson, Beth Jasak, Kathy Oliver, Joe Morrow, sponsor.

Goals, projects bring members together

The Thespians, Audio-Visual Club, Chess Club and the Creative Arts Club all supply a means of entertainment for MHS students.

The Thespians help produce three major productions during the year. The fall play, "The Curious Savage," consisted of juniors and sophomores. The review, "Merlin's Magic Moments," was open to anyone that wanted to display his talent. The spring play, "George Washington Slept Here," was put on by seniors only.

Rob Winchester, president, stated, "A lot of sleepless hours were put into the plays, but the student body participation was very disappointing."

"It's really wonderful being a part of the Thespians," added senior, Cheryl Hardt.

Adding another type of entertainment, the Audio-Visual Club video taped many school activities. During Homecoming week, the parade and the powder puff football games were taped for those students who were unable to attend the festivities.

Leigh Smith, junior, stated, "The A-V Club has a lot to offer MHS students that they don't know about."

Also, the Creative Arts Club helped students interested in literature and art let their talents shine through.

They publish their own magazine, the **Purple Plume**, which includes drawings, short stories, and poems submitted by the MHS student body. The money made from this project was put toward next year's **Plume**.

Julie Zale and Sherry D'Asto, juniors, stated, "Plume enables MHS students to show their creative abilities."

Finally, the chess team provided entertainment. The Chess team placed both the A and B team in the state final chess tournament. The A team placed second and the B team came in fourth place in regional contest with only the top four teams advancing to state.

"We didn't accomplish our goal to win state, but we are happy with what we have done thus far," said Jim Edgcomb.

— Angie Traficante

Musicians practice for hours

What's the music we hear in the hall during lunch hour? Is it a new radio station? No, it's the orchestra and the band practicing for concerts and games.

The whole band made up the marching band for the football games and the pep band for the basketball games. Ken Haupt, senior, remarked, "Pep band was a lot of fun and it was a good way to help promote school spirit."

Practices started two weeks before school for four hours every weekday morning. Donna Vazquez, junior, commented, "Practices for the marching band were a lot of hard work. We had lots of fun though, so it paid off."

Along with playing at the games, the band participated in various parades,

concerts and commencement.

The orchestra played in concerts with the band. Lisa Tidwell, sophomore, stated, "Mr. Mitchell helped us a lot. It was really enjoyable."

In May, there was a concert in which all the orchestras from the elementary schools, junior high schools and the high school combined together to perform.

The biggest change was the addition of the Chamber Orchestra. It was a group that played background music for art shows and dinners.

The Flag corps also worked very hard to be successful. During school, they practiced two times a week at 6:30 a.m.

— Robin Wade

Members of the Vocalteens group takes a few moments to get organized before a warm up exercise.

Musical performances entertain everyone

Don Procter, senior, sings his heart out during his performance in the Spring Concert.

There are about 100 members in the MHS choir, which consists of Girls Glee, Concert Choir, Vocalteens and Velveteens. Anyone can be in Girls Glee and Concert Choir, but you have to audition for Vocalteens and Velveteens.

The choir was extremely busy this year practicing for concerts and competitions.

Each year they have two concerts: a Christmas concert, called Season's Greetings, and a spring concert, called American Pop. "The concerts went very well," said Kelly Elch, junior, "and they were a lot of fun."

On Jan. 28 the choir participated in a district contest at West Side High School. Following district, they competed in a state contest at Butler University. The groups placed first in both contests.

Teresa Silva, junior, stated, "It was a lot of hard work and dedication, but I enjoyed it."

Besides performing in concerts and competitions, they also entertained at an old folks home, and they participated in the annual choral fest.

Also, the Vocalteens and Velveteens perform at engagements throughout the year. The show they give is a half hour of singing and dancing. Paul Tomak, a junior member of Vocalteens, commented, "Choir will help with my future interests."

Issues ideas appear in publications

As the school year began, so did the production of the yearbook and newspaper.

Photographers were busy taking pictures that were essential to meeting the deadlines.

Troy Terry, senior, stated, "Taking pictures for the school paper was fun because I was able to attend a lot of the sporting events."

The Mirror, which was put out about every three weeks on Fridays, kept students and faculty informed and entertained.

The Mirror staff covered some controversial topics.

"Many people objected to the stories that we covered. We all felt that they needed to be covered objectively, and they were. We expected some negative response to our articles, but we're all proud of what's been printed in **The Mirror**," stated Eric Michael, junior.

However, Robin O'Deen, junior, commented, "I enjoyed learning how a newspaper is put together and then being able to do it myself."

The yearbook staff was hard at work even before school started.

"Last year we decided on our theme **Watch Us**, and built on it at the summer workshop at I.U. By the time we met with the rest of the staff, we had the foundation of the book already done," explained Laureli Evans, senior and Editor of the **1984 Merrillvue**.

The production of the yearbook takes a long time; however, Tiffini Crownover, junior, commented, "Even though it's a lot of hard work, it will all be worth it when we get the finished product in the fall."

— Chris Franz

Exceptional students receive honors for their achievements

Every year, a few selected students have the special privilege of being inducted into the National Honor Society.

This is a very prestigious honor due to the fact that students must maintain a cumulative grade point average (GPA) of 3.5 or higher.

Students selected must also demonstrate good stature and hold high standards.

To be chosen for Honor Society teachers vote on the students they feel are most deserving of this award.

The club sold license plates to raise money.

Cathy Malocha, junior, commented, "Being recognized by the National Honor Society makes a person feel their hard work in school has paid off, and I'm very honored."

MHS had many talented writers and journalists who were honored by being inducted into Quill and Scroll, a honor society especially for journalists.

In her second year as sponsor, Valerie Tanke stated, "The club is just now getting organized and expanding it's activities."

The club prepared the Senior Magazine and sponsored the publications banquet at the Ragging Bull. Certain publications members were recognized for

their hard work throughout the year.

Students were inducted on Feb. 7, and other inductions were made on May 15.

Veronica Garza, junior, stated, "Since being part of a publications organization is such hard work, it's good to know we're being honored for our efforts!"

A new aspect at MHS was the Academic Decathlon in Los Angeles, California at Loyola Marymount University.

Only eight students were chosen to compete in the decathlon. These students competed in the following categories: Honors category — Scott Terek and Lenny Pysh; Scholastic — Angie Christo and Bob Stephan; and Varsity — Al Wirtes and Denise Bezick.

They were chosen by taking a series of tests with other students from MHS. The top two scorers in each category were chosen to attend the decathlon.

The team did excellently considering they had only two weeks to prepare, as other teams from around the country were preparing since last summer.

Linda Davis, counselor, stated, "An anonymous friend of the school corporation donated all the funds for the trip." The students also received all day complimentary admission to Disneyland, Knott's Berry Farm and Universal Studios.

New club fights against drunk driving

Many new clubs have been added to MHS's extra-curricular activity program in the past few years. Among these clubs are a few that deal with high school students getting involved in helping the community and themselves.

SADD, Students Against Drunk Driving, was started. A large number of students became involved, and their efforts were visible.

Signs were put up in the hallways to promote the club, and various facts about drinking and driving were told on the morning announcements. A speaker was also brought in to help students understand the purpose of the club which was to discourage people from drinking and driving.

The day before Prom, Ray Govert, senior, was placed in a coffin during lunch hour with an empty bottle of whiskey at his side.

This was to show what might happen if the students drank while driving the night of Prom.

Govert stated, "I think it helped some of the students really think about the consequences."

Another club recently added was the Key Club. It is affiliated with the Kiwanis Club of Merrillville. The club is a service organization that provides service to the school and the community.

Different activities included, helping with the blood drive, sophomore orientation and open house, and an easter egg hunt for the crippled.

Dean Hess, sponsor, replied, "The involvement of the students for this new club was excellent."

Quest was a class that could be taken by any student to learn skills for living.

There was a Quest Club that students who have taken the class or who plan to can become members.

Angie Burger, senior, commented, "Quest Club is very interesting and fun and it helps people with their problems."

All clubs are trying to make the community more appreciative and a better place to live.

— Robin Wade

Language groups sell candy, share awards banquet

The foreign language clubs had more in common than in the past. They all participated in the football and basketball Homecomings, candy selling, foreign language week and the foreign language banquet.

In the Homecoming race for best float, car and theme victory, German Club won best float, best theme, and Spanish Club won best car.

Candy selling is a profitable event for all clubs. Gummie Bars, M & M's, Snickers and suckers were traditional products.

At the end of the year, each club used to have a separate banquet. For the first time, all three clubs shared a banquet in the school's cafeteria.

Separately, the Spanish Club participated in the "Congreso de Estudian de Espanol" or Congress for Spanish Students at Purdue University. Many of the skits won awards. This is a great honor since schools from many areas compete. They also took a field trip to a Mexican restaurant in Chicago.

Irene Halkias, senior, said, "Being in Spanish Club was a very unique experience."

French Club went to the Museum of Science and Industry to see the "Christmas Around the World Exhibit." At the end of the year, they also went to a French restaurant.

Senior, Brian Cacic, commented, "French Club helped me make new friends and learn a new culture."

German Club participated in their annual Halloween and Christmas Party and the annual picnic at the end of the year.

Rich Robinson, senior, added, "By learning the different cultures in German Club, it helped me to prepare for my trip to Germany."

Many organizations sponsor dances to raise needed funds

Two clubs which helped out the community of Merrillville are the Sunshine Society and the Student Council.

The Sunshine Society sold candy bars as their main fundraiser. They also participated in Sunshine Week. During this week they decorated the main showcase and handed out apples to the teachers.

At Christmas time the Sunshiners went to local nursing homes and boosted the moral of the residents by caroling.

Glory Murray, senior, stated, "The Sunshine Society was a fun and self-satisfying club."

Susan Scott, junior, commented, "Through the Sunshine Society and caroling, I got to help make the elderly happy."

They also sponsored the Sweetheart Dance, Father-Daughter Dinner and a Mother-Daughter Tea.

The Student Council started out the year early. They sponsored the first dance of the school year. Because Homecoming was so early, the members of the council had to get started on the activities in the late summer.

In between all the dances they sponsored, the Student Council headed a food drive. A lot of food was collected over the two week period.

At the end of the food drive, the Student Council sponsored a dance. Andean students also participated in this dance. The profit from the dance was given to the town trustee to give to the needy in Merrillville.

After Christmas break, the Student Council sponsored Basketball Homecoming.

The last dance which they sponsored for the students was the Daddy Date Night Dance. This dance gave the girls a chance to go out with their fathers and have a good time.

Chris Franz, senior, stated, "Student Council is a worthwhile organization because it helps the student body a lot."

Vicky Tsampis, senior, commented, "The Student Council brings the students and administration closer together."

Watch us win in sports

Watch us win.

The football team ended their season with a winning record of 6-4.

In addition, the boys tennis team also had a victorious season. They beat Hobart in sectionals by a score of 3-2.

Eric Michael, junior, commented, "We had a tough season, but we proved ourselves by beating Hobart and Griffith in sectionals."

The girls cross country team had a tough but rewarding season.

Long hours of hard practice and workouts

are what make MHS athletes winners. Every athlete put forward an individual effort to make MHS teams winners.

"It is essential to practice because without practice you can't perfect your skills and work together as a complete team," explained Jennifer Duncan, senior.

Two very important words in the vocabulary of an MHS athlete are sportsmanship and dedication.

"Without sportsmanship and dedication, there is too much compe-

tion among each other on the team and no unity, which is also very important," commented Suzie Norris, junior.

Watch us win!

Pirates finish 6-4 despite Hobart loss

The game of the season. Merrillville against Hobart. The game decided if the Pirates or the Brickies would go to the playoffs. Entering this game, Merrillville and Hobart were 3-0 in cluster play. MHS played tough defense, but Hobart pulled through with a 23-0 victory.

The score was not an indication of how the game went. The game was very close until the end. Going into the fourth quarter, the Brickies were ahead 9-0. Hobart scored with about four minutes left, making it 16-0.

The feisty Pirates would not give up. The offense did a good job, but they could not put any points up on the scoreboard because of Hobart's great defense. Merrillville then turned the ball over to Hobart one more time.

Even though the Brickies pretty much had the game wrapped up, they pro-

ceeded to pile on the points. They threw a bomb and scored one play later on a 1-yard plunge. This upset Coach Ken Haupt, players and many fans. The Pirates did play their hearts out, but MHS came up short. They did have the Brickies worried until four minutes were left in the game.

Preparing for the entire season, the team started practicing a week earlier than usual. The change was due to a new Indiana High School Athletic Association rule. The summer practices started Aug. 4, with the team practicing two times a day. The early start did affect the teams play, although Coach Haupt did not believe it should have.

According to Eric Schrenker, senior and co-captain, "The early start did affect our play a lot. The hot weather was a major factor."

The team started out by losing their first game to Crown Point, 0-24. Crown Point capitalized on turnovers and jumped to an early lead. They had a 17-0 advantage at halftime and added another 7 points in the third quarter to beat the Pirates.

After losing to Lake Central, 30-10, a few major changes were made. Ken Haupt, senior, was moved from quarterback to flanker, and Mike Shayotovich, junior, was inserted at the quarterback position for the remaining part of the season.

The next two games were victorious for the Pirates. They manhandled the Chesterton Trojans and the Michigan City Rogers Raiders, both Duneland Conference games. (Continued on page 100).

FOOTBALL

Cameron

Cluster system affects performance

During the middle of the season, the Pirates hosted the Portage Indians for Homecoming.

After the Homecoming pep rally, Coach Haupt stated, "The pep rally would have helped the team. It really was good. It should have had a positive affect, but it did not." Before the Pirates knew it, they were down 14-0 at halftime.

Coach Haupt said, "The team did not play with much intensity during the first half." They did improve their style of play the second half, but the Indians still went home with a 14-0 victory.

The next three games Merrillville played were played with much more intensity. First, MHS hosted Gary West Side. In this game, the Pirates scored during each quarter, while holding the Cougars to just one touchdown.

The team then traveled to Valparaiso. The game was a close and exciting match-up. No one knew what the final outcome would be until the final whistle.

With Brian Curcio, junior, running

back the first kickoff 90 yards, the game looked like it would be a runaway. Unfortunately, the Vikings played tough throughout the whole game, keeping the score close. Merrillville ended up winning the game, 16-13.

Merrillville looked next to the "Battle of Broadway". The Pirates started the game slow, but then came on strong in the second half. After the Pirates took a 23-3 lead, they inserted the second string. When the final whistle blew, the scoreboard showed: Pirates 23, Andrean 3.

The final game of the season was played against the LaPorte Slicers. MHS changed their starting lineup, but still ended up winning the game, 13-0. The Pirates final record was 6-4.

This year post season play was determined differently. The new system is called the "Cluster System." Between 4 and 6 teams are in each cluster. Clusters are divided throughout the state. The only games that really count, as far as playoffs are con-

cerned, are the cluster games. The team with the best cluster record in their cluster, goes to the playoffs. Many people were against this system.

Schrenker commented, "The only games that really counted, as far as the playoffs were concerned, were the cluster games. It was not that good of a system. It helped us this year, but we only had four important games to win. It was hard for the team to get up for the non-cluster games."

Sean Dougherty, senior lineman, commented, "The name of the game is still winning, no matter what the system. Teams have to do good in order to win. I play every game to win."

Mike Shaytovich, junior, quarterback, stated, "Obviously, the cluster was good for us this year, but in reality, it is not very worth while. With this system, the concept of winning isn't applied to all games, it is only applied to the cluster games."

Girls win conference; boys team relies on underclassmen

Having a large majority of underclassmen on the boys varsity tennis team, they managed to finish well.

The team had only three seniors, but the juniors and sophomores helped carry the weight. With Toby Darkins, senior, Steve Ramusack, and Dan Wikes, juniors, it was hard to beat the Pirates in singles.

In the doubles category, the combination of Bob Stephan, senior, and Jim Marando, junior, was hard to beat. Still, their record was 7-11.

Joe Amling, tennis coach, stated, "They're an average team but played hard... their only problem was not much depth."

On the other hand, the girls tennis team had an amazing season. With the powers of Caroline Guip, Nikki Yonker, Pam Sawochka, seniors, Lana Pantelic, Jennifer Eibel, Lisa Primer, juniors, and Kara East, sophomore, the Lady Pirates reached startling heights.

They had a record of 16-3, and for the first time in MHS history, they won the Duneland Conference Title.

The team's improvement was attributed to the new coach Bill Carson, and the hard effort put in by the team. "We wanted to be better so we worked harder and strived to win," commented Marla Kaser, senior.

Scott

Weiser sets school record; girls beat individual times

There were mixed results in Cross Country. The girls had a tough season, but the boys were promising.

Although their season wasn't as rewarding as they hoped for, Coach Betsy Bosch said, "The girls kept their enthusiasm up throughout the season. They are very dedicated and have good attitudes."

The girls worked against themselves as well as their opponents. Robin Sanko, junior, replied, "One of the hardest parts of cross country is beating your old time."

The girls ended their season with a record of 2-8.

The boys team had high hopes through

the season. Coach Jim Moody replied, "We were hoping to make it to sectionals, regionals and semi-state, just like last year."

Fernie Martinez, senior, was a leader on the team. He stated about his teammates that "we had top runners that could give a lot of teams a race for their money."

That's exactly what they did as their record proved. Many outstanding runners contributed to this, and a school record was set by Chris Weiser, junior, with a time of 16:16 in three-miles.

— Buffy Palvas

'Working together' sends lady Spikers to semi-state

The girls volleyball team proved that working together makes a good team.

Coach Joe Starkey said, "We win because everyone contributes to the team effort."

Jennifer Thompson, senior, also said, "We all work together and try to help each other out."

During the last few weeks of summer vacation, the girls were hard at work practicing for their upcoming season.

The team consisted of 13 members, including co-captains Jennifer Thompson and Jennifer Duncan, seniors.

Diane Vermillion, senior, said, "Thompson keeps the team up when we are winning or losing."

The Lady Spikers ended their season with a record of 17-8. They successfully

made it to semi-state, winning the first game to Plymouth but losing to Mishawaka.

What kept the team going through their season?

Thompson commented, "The Griffith Tournament was the turning point of the season. That's when we began rolling toward a winning year."

Kara East, sophomore, added, "I thought we had good fan support for semi-state, and it really helped boost the team's moral."

Thompson added, "I think everyone wanted to play and win."

Coach Starkey commented, "Thompson, Duncan and Vermillion do well on keeping up the senior leadership."

— Kris Kouvelas

Pirates 'put it together' after slow start

The varsity boys basketball team started off slow, but they started redeeming themselves by the fourth game. The team lost its first three games to Lake Station, Lew Wallace and South Bend Adams.

Jeff Kontor, senior, commented, "Our confidence and pride was hurt, but we were determined to have a winning season, so we practiced harder."

They then started on a three game winning streak. The Pirates defeated Gary West Side, 60-54; demolished Andreadon, 72-34; and tore apart Hammond High, 62-46. Mike Meschede, senior, led the team in scoring throughout most of these games.

Merrillville hosted Valparaiso, but the Pirates gave the Vikings a tough battle, losing the game, 55-40. The Vikings were ranked 6th in the state at the time of the game.

Next, the Pirates hosted another state ranked team, Lake Central. Meschede led the team in scoring with 19 points. He also held Lake Central's top scorer to 8 points below his average. The Pirates shocked Lake Central, by defeating them 59-52.

The middle of the season crept up fast with the Highland Holiday Tourney right around the corner. The first game of the tourney was against Highland. Kontor led all scorers with 22 points. The final score of the game was 58-51. The championship game was between the Pirates and the Crown Point Bulldogs. The Pirates won the game and the title by defeating the Bulldogs, 63-53.

Kontor stated, "It was a good victory because the team played with togetherness and not as individuals. It boosted our confidence."

After taking a short holiday break, the Pirates traveled to Hobart to face the Brickies. The Brickies surprised the Pirates and defeated them by one point. However, the next evening the Pirates showed the crowd just how good they really were. They hosted the Roosevelt Panthers and beat them 53-51.

Dave Herbert, junior, stated, "After having beat a couple of state ranked teams, other teams began to realize that they had to prepare for us. This win helped the team out."

Chesterton became the next Pirate victim. The Pirates won 53-37, with Branko Jotic, senior, scoring 20 points. The Bucs won their next two games before facing Delray Brooks and the Michigan City Rogers Raiders. MHS lost 77-66 to the number one ranked team in the state.

The Pirates ended regular season play by defeating Portage, Highland and Michigan City Elston. Meschede scored 30 points in each of these two last games. (continued on page 110)

MHS star Mike Meschede, senior, gets inside position on four Gary West Side players and scores two of his 22 points.

BASKETBALL

MHS loses to state-bound Indians in OT

After a snow delay, the post season tourney finally began. The team had a little over a week to practice for sectionals. Coach Jim East was pretty confident going into the sectional play. He thought that his team had just as good of a chance to win as any other team.

He stated, "It is pretty evenly matched. We always play like champions because we are defending champions."

MHS drew Griffith for their first game. The Panthers played a hard-nosed game, losing 59-58. Kontor had 23 points, and Meschede had 13 rebounds.

Next, the team faced Calumet and won easily, 68-43. The championship game was between Merrillville and Lake Central. The game was a very close. In the end, Lake Central beat the Pirates, 46-45, in overtime.

However, the team did much better than people anticipated they would do.

Matt Naspinski, junior, commented, "Through all of our hard work, we ended up with a much better record than most people expected."

Coach East prepared the young men for the season with preseason running and conditioning.

Meschede commented, "This year is

probably the hardest we have conditioned. We have to condition so hard because we press and gamble a lot on defense. I think the conditioning has paid off even though I did not run all of the time."

He added, "Being cohesive on and off the floor helps provide for the winning attitude that is needed to be successful in a quality basketball program."

Coach East was happy with the overall attitude of the team. The team was full of leaders. Meschede led the team in 14 single game categories and 14 season categories. He was voted MVP of the team. Kontor led the team in one single game category and four season categories. Joe Pienta, senior, was voted Best Mental Attitude by his teammates.

Coach East stated, "The over-all attitude of the team was good. The team accepted me as a coach, and they all pretty much knew their roles."

This year the student fan support was not very good. Most fan support came from adults.

Coach East said that fan support contributes to the team's play. He stated, "It definitely affects the team, but I told my players that they should get going on their own."

— Shari Moore

"Mr. Regan has really helped me out a lot. He definitely has to be the best girls basketball coach in the state."

Shari Moore,
Senior

Jennifer Thompson, senior, takes a jump shot against Lake Station.

photos/Kawicki

Karen Cook, freshman, shows her quick release as she tries to block a shot against Michigan City Rogers.

Shari Moore, senior, shoots for two points. Moore broke the school record for the most points scored in a game, 37.

Moore sets school records

"The girls basketball team played the toughest schedule of all times in Northwestern Indiana because we wanted to play the best," stated Coach Mike Regan.

Practice started the second week of school. Their season began Oct. 10 and ended Feb. 5. The Lady Pirates had a season with a record of 12-8.

Shari Moore, senior, had an outstanding year, leading the Lady Pirates in scoring and assists. Moore stated, "Mr. Regan has really helped me out a lot. He definitely has to be the best girls basketball coach in the state. He worked hard to get us ready for the season. People don't realize how tough it is to coach a girls team. Regan made it seem easy."

Coach Regan commented, "Shari has shown her ability to play all parts of the game. She holds many school records. Shari is among the best three players in Northwestern Indiana."

Janice Lilly, senior, said, "Shari is one of my best friends on the basketball

court and off. She is one of the best players in Northwestern Indiana. She is always willing to help others and I am thankful for how much she has helped me throughout my senior year."

"The most improved player to come through the Merrillville girls basketball team was Diane Vermillion," stated Coach Regan. "She's one of the five best players in the area," he added. Diane was also the leading rebounder of the team.

An important game of the season was the come back victory with Whiting in the Holiday Tourney Championship.

According to Coach Regan, "the team has become a team."

The girls played up to three games a week on school nights. "This was a hard schedule. Players have to be dedicated and involved to be on our team and to do this, and they are," added Coach Regan.

Kowal. Back Row: Coach Jim Nickolov, Stacy Lawrence, Lori Gemenhart, Amy Giordano, Jodie Commarata, Suzie Lax, Jill Giordano.

Building Trade students aren't the only ones who rebuild. The MHS swim teams also had a rebuilding year.

Dan Steinger, senior, said, "I'm glad I swam this year. It was my best season, and I hope more people swim in the future."

Brian Cacic, senior, added, "We had such a young and large team that they will be better in the future."

The boys swim team had thirty members. A large number compared to the eight that returned from the year before.

Despite the large size of the team, their record was only 3-8. When asked about the size change, Steinger, added, "The quality went down, but the quantity went up."

For the girls swim team, it was also a disappointing year. They had a large majority of underclassmen swimming. Suzie Lax, sophomore, commented, "Even though we had a bad season, we had fun and we worked together. But we need more competitive experience."

Both the boys and the girls had poor seasons, but it seemed pretty good for Coach Jim Nickolov. It was his first year coaching in the United States.

sophomore

Sara McAnnally, senior, shows her poise and grace on the balance beam.

Gymnastics: Front Row — Jeanine Kierzkowski, Lisa Funder, Nancy Grass, Karen Dudak, Second Row — Coach Bill Roberts, Rene Mischler, Denise Darkins,

Deanna McPherson, Karen Kasperzak, Coach Diane Roberts. Back row — Amy Roberts, Jennifer Oglego, Sfecy Plesha, Sara McAnally.

Winning tradition continues as Karen Dudak captures state

Once again the MHS gymnastics team had an excellent season, including a state champion.

Karen Dudak, sophomore, stated, "I think the team's success is due to the fact we all get along and work well together. This is very important."

The team's success was obviously due to many outstanding individuals. Intermediate Dudak led the team all season. Dudak won sectional all-around, placed 2nd in regionals, and won state all-around. The State Championship was held at Perry Meridian High School in Indianapolis. Dudak captured her title in her second year of varsity gymnastics.

Karen Kasperzak, sophomore, led the team on bars, winning in sectionals.

Lisa Funder, sophomore, made the team on vault and on beam.

DeeAnna McPherson, freshman, broke the school floor record with a 9.55, and was first on the floor all season, winning in

sectionals and placing fifth in regionals.

Shawna Eberle, junior, placed in the top three on the beam and floor all season and made the sectional team.

In optionals, Jeanine Kierzkowski, junior, was named Most Valuable. She placed in the top three in sectionals and regionals, making it to state in all-around competition.

Nancy Gress and Sarah McAnally, seniors, were named to the All-Conference team.

McAnally stated, "I'm glad we won conference. This boosted the whole team's confidence."

Individuals were honored after the season. Dudak received the Drive, Determination, and Dedication Award, Best Mental Attitude, and Most Valuable Intermediate Gymnast. Kierzkowski was named Most Valuable Optional Gymnast. Funder was the Most Improved.

— Shawna Eberle, Buffy Palvas

Preparing to dismount from the uneven bars is Nancy Gress, senior.

Performing her high scoring floor routine, Jeanine Kierzkowski, sophomore, wins another event.

Displaying one of the talents that contributed to her title as State Champion, Karen Dudak, sophomore, performs on the bars.

Mundell returns to state; he comes home a winner

"My season didn't go as planned. When I hurt my arm I lost a lot of strength in it."

Sweat and determination paid off for MHS wrestlers with a fourth place finish in state.

Six wrestlers qualified for state. But only Scott Mundell, senior, and Jay Mack, junior, placed. Mundell (34-0) clinched the state title in the 119 lbs. weight class. Mack (31-5) took fourth place in the 112 lbs. weight class.

"Scott is my first wrestler to win a state title as being head coach," commented Cameron. Mundell is MHS's first wrestler to win a state title since 1974, when Ken Dike won the heavyweight title.

Mundell is a four year letterman. He succeeded to break two school records set by Ken Turner, 1976-1978. Mundell broke the record for most wins in a career with a record of 102-12-1. In addition, he broke the record for the most pins in a career with 60 pins.

Mundell commented, "I was very happy when I won the final match be-

cause I had reached my goal, being the state champion."

In his road to state, Mundell had 21 falls and 43 takedowns. "Strength, flexibility, height and leverage were Scott's advantages over other wrestlers," said Cameron.

Mack, a two year letterman, received a fourth place finish for the second straight year. "I was pleased for Jay," stated Cameron.

In his trip to state, Mack had 10 falls and 49 takedowns. "I was very pleased with my performance at state. It turned out real well," commented Mack.

Another MHS hopeful, Willie Cruz, senior, was injured in regionals. Cruz hyperextended his arm in competition but was able to go down state. "My season didn't go as planned. When I hurt my arm, I lost a lot of my strength in it," stated Cruz.

— Andrea Kawicki

"Consistency is the key to our success this year."

Neil Miller,
senior

The Boys Golf Team showed major improvement. With Rudy Mihelic, Rick Renner, Neil Miller, seniors, and Steve Ramusack, Tom Lipton, juniors, leading the way, the boys golf team finished 8th in state.

Some of the high points of the season occurred when MHS placed fifth at the Rensselaer Invitational and fifth at the Homestead Invitational by an amazing 12 strokes. This was a great improvement since they did not even place the year before.

Kevin Mowery, sophomore, stated,

"Everyone became a little more consistent in their game."

Miller dropped his average from 44 to 41. "Consistency is the key to our success this year," stated Neil Miller, senior.

The girls, on the other hand, had their problems. They were lacking in depth and leadership. They feel that they will improve in the future.

However, the girls had one bright spot Jennifer Eibel, junior, excelled individually throughout the year and competed in regionals.

— Dave Klerzkowski

Injuries hamper MHS soccer team; girls pitch to 15-1 record

The Soccer team had a record of 5-7, as injuries hindered their performance throughout the year.

Among the injured were George Mavros, senior, Kelly Kaurich, junior, and also one of the co-captains Paul Lozanoski, senior. He stated, "with so many injuries we were not at full strength the entire year. This definitely hampered the team."

Along with a string of injuries there was a lot of inexperience. With twenty-two members, there were only five seniors and the rest consisted of underclassmen.

Co-captain Branko Jovic, senior, commented, "With so many young players, it was a learning experience and a year for development." Drew Furunes, coach

of the soccer team, looks forward to a bright future and is proud of Jovic, who in his high school career established the most goals scored.

In addition to soccer, softball gave Merrillville a new winning tradition. With a 15-1 record and unofficially the Duneland Conference title, the team can look forward to many more victories.

Some of the players began practicing in late February and early March, and as captain Patti McNally, senior, stated, "The team really respects Joe Starkey as a coach and as a great friend."

Next year, the team will start to compete in the state tournament along with the Duneland Conference battle.

Ray Govert, senior, anticipates the oncoming pitch.

Player's experience contributes to winning season for MHS

The varsity boys baseball team had a remarkable year. They used the experience they had to achieve a sectional title.

Ken Haupt, senior, stated, "This season was very exciting. We had a lot of experience to help us out and the underclassmen did a great job when called upon."

The team got off to a quick start by defeating Hammond High twice in a double header. They then lost to East Chicago Washington.

After this loss, they came on strong and won their next eight games before losing to Michigan City Rogers. Included in these wins was a victory against LaPorte.

LaPorte is always tough in baseball, and at the time the Pirates beat them, they were ranked in the top ten in the state.

Midway through the season, MHS defeated Hobart by the score of 12-1, but they then lost to Valparaiso in extra innings. The Pirates then split a double header with Crown Point. Starting with the second Crown Point game, the Pi-

rates got hot again and won their next eight games.

Next, MHS lost two games before winning their last five games.

Ray Govert, senior, commented, "We had a much better year than expected."

Haupt led the team in pitching during the regular season with a 9-2 record. He had help from Govert and Craig Kosac, seniors, and Mark Krutz, Corky Kersteff, and Mark Schmidt, juniors.

Jeff Howard, senior, led the team in batting. His batting average was .413. Because of this outstanding statistic, Howard was given a tryout for the AAU Junior Olympic team. Scott Jenks, senior, followed close behind with a .372 average.

Dan French, junior, summed up the season by saying, "We had ups and downs, but overall we had a successful season."

Jeff St. Germain, junior, also agreed. He stated, "The injuries which occurred during the season affected the team a lot."

Eubank wins 2nd in state; new coach leads girls 8-3

MHS track teams boosted successful seasons in '84.

The boys track team finished with only two losses.

Ron Maihofer, junior, commented, "The practices were hard at times, but you need to work hard to do well. Although the weather was cold, the boys still worked hard."

Dave Kierzkowski, senior, stated, "We didn't have many returning people from last year, but we excelled."

The team was divided into different groups, but Mark Dimitri, Carl Tully and Brian Curcio, seniors, were essential leaders, according to Laffey Armontrout, coach.

Individually, Neil Eubank, junior, won 2nd at state in the shot put after holding the state best throw throughout the sea-

son.

Also, the girls had an outstanding track season. There were many changes from past years including coaching changes. The girls proved their excellence.

Robin Wade, senior, stated, "Even though having a new coach was hard to adjust to, we still did very well." Lyle Stoelting took the position of head coach.

According to Jack Neuliep, coach, captains Kim Schulz and Janet Jason, seniors, were the leaders of the team.

Outstanding times of 12.4 in the 100 meter and 26.4 in the 200 meter events were set by Deneane Gallo, sophomore.

Jason, senior, commented, "The team was close and worked well with the coaches."

Watch us make new friends

Watch us.

We are the students of MHS.

This is the place where we will make friendships and memories to last us a lifetime.

Many new friendships were started at Sophomore Orientation, at which juniors and seniors welcomed new sophomores to MHS.

Lisa Funder, sophomore, commented, "I got to meet a lot of new people at Sophomore Orientation, and the first day of school was a lot of familiar faces which made

things a lot easier."

Students show their friendships in many ways. One of the most popular is sharing lockers.

"We have about five people in our locker. We're a little bit jammed, but it's more convenient and you get to see your friends during the day more if you all have to come to the same locker between classes," explained Mandy Leposky, senior.

Many students are faced with the problem of having their brothers or sisters in school with them.

However, Theresa Berger, senior, stated, "It's not a problem at all having my sister here in school with me. I think it brings us closer because we have a lot of the same friends."

Watch us!

Making up a history test is Dale Niemeyer, junior.

Krissy Perez, sophomore, studies her math assignment.

Enjoying the football game are Jane Chentrik and Melissa Henrichs, seniors.

Helping students with computers is Tom Peller, computer teacher.

"Our senior year
proved to be a year of
growth and achievement"

Rod Urbano,
Senior Class Treasurer

Senior Class Officers — Front Row: Brian
Curcio, vice president; Mark Dimitri, president.
Back Row: Dawn Spiroff, secretary; Rod
Urbano, treasurer.

Class of '84

For many MHS students their senior year was a time to set new goals and begin planning for the future. The "84" senior class, though, was struck with a plague that hit epidemic levels.

Even though the medical profession has not recognized this disease, it has been named "senioritis" by most MHS students.

Senioritis in simple terms means daydreaming in class, note writing to friends and a time to doodle instead of study.

By the time the second semester comes around, MHS students have had it with homework, studying, exams and especially teachers. Daydreaming is the most common pastime in the classroom.

Nikki Yonker, senior, stated that "I always daydream about getting that high

school diploma in my hand."

Andy Sakes, senior, thought about the past and how fast time has gone by.

Many students dream about their future, their boyfriends and girlfriends and what they will be doing once the weekend finally rolls around.

Kathie Stanley, senior, dreams about going to college and making new friends.

Unfortunately the only cure for senioritis is less homework, no tests and more understanding teachers.

André Dubois, junior, managed to sum up the attitudes of most seniors. André said that "after 13 years of studying ever since kindergarten your mind gets burned out because of all the studying you had to do."

— Vicky Tsampis

'Senioritis' epidemic spreads to MHS seniors in mid-winter

"I had no other means of knowing where I was or what I was doing, so I learned the concept of trust."

Jennifer Thompson,
Senior

During a trust walk in Quest, Jennifer Thompson, and Darryl Bennet, seniors, show their confidence in one another.

Individual lockers reveal coats, books, personalities

Cartoons from favorite magazines and newspapers.

Gentlemen's Quarterly centerfolds. Pictures of best friends.

These things and many more can be seen on the inside doors of student's lockers.

"Most people I know decorate their lockers," said Jennifer Thompson, senior, "and I think they do this to make themselves feel more 'at home' during the school day."

"I don't think sophomores decorate as much as juniors and seniors," added Kim Peters, senior.

The locker decorating doesn't cause a problem with the administration or staff. Tom Herbert, assistant principal, said,

"Students are expected to keep their lockers in good condition, but I haven't had to remove any decorations from a student's locker."

Helen Moravskil, Custodian, said, "We clean out the lockers at the end of each year, but a student may leave a note asking that their decorations not be removed."

Peters said, "I think that locker decorating is a fun and enjoyable way for students to brighten up their day at school."

— Susanna Elbel

Jeff Kantor's locker in the senior hallway was often seen decorated. Robin O'Deen, Junior, always encouraged a victory for every basketball game with posters, balloons and food.

Students make Y & W Drive-In 'hot spot' for summer fun

One of the most popular summertime activities in Merrillville is going to the Drive-In.

The Y & W is a bright spot in the town, which can often be somewhat dull. The Y & W opens in the spring and closes in late fall.

"It's really fun to see all my friends at the Drive-In," said Jennifer Thompson, senior, "because in the summer you don't see people as often as you do during school."

Dawn Nicolich, senior, said, "I like going to the Drive-In because it gives me a chance to relax and have fun with all my

friends."

"Going to the Y & W is a great way to spend a summer night. I like walking around with my friends and talking to everyone," said Cindy Lamfalusi, senior.

"The baseball team likes to go there during spring break while everyone else is in Florida," said Ray Govert, senior.

The Drive-In really adds a lot of summer fun for MHS students. "I have a great time there," said Thompson, "and our summers wouldn't be nearly as exciting as they are if we didn't have the Y & W."

Riots over 'Cabbage Patch' dampens Christmas spirit

Talking to any children about what they wanted from Santa for Christmas brought one sure answer — a Cabbage Patch doll.

The Cabbage Patch doll craze went into full swing around Christmastime, and stores could not keep enough in stock for the eager customers. People stood in line for hours, sometimes with knives and baseball bats, just to have a chance at getting one of the dolls.

Eugene Talmadge, economics teacher, said, "The Cabbage Patch doll craze is a great moneymaker for the doll's makers. It demonstrates our capitalistic system."

"Anyone who can get one is lucky," said Diane Ramuscak, senior, "because you can't find them anywhere, and it seems like everyone wants one."

Greg Karras, senior, said, "The hype raised over Cabbage Patch dolls is hardly proportional to their quality."

"The Cabbage Patch dolls are really not that cute," said David Dobrowski, senior, "but all the publicity has made them very popular."

— Susanna Eibel

A popular consumer item, the Cabbage Patch Doll, attracted the attention of people of all ages in 1984.

Class of '84

Joanne Mezmarick, Rudy Mihalic, Debbie Mihok — Cheerleading 9, 11, 12; Choir 9; Pep Club officer 9; Powder Puff 10, 11, 12; French Club 10, 11, president 12. **Faith Mikulka** — Choir 9; FHA officer 12; Review 10.

Class of '84

As Christmas break approached, snow continued to fall and so did the temperatures. On Dec. 22, the temperatures were at a record breaking 75 below.

For some MHS students, these aggravating temperatures put a freeze on their holiday vacation.

Kim Boatner, junior, commented, "I guess the only thing to do was curl up in a warm spot and make the best of it."

Laura Hanas, junior, also mentioned, "When temperatures are this low, nothing is fun anymore. It's even too cold to sleep."

Others were preoccupied with team sports. They had no choice but to ignore the big chill.

Karen Dudak, sophomores, and Stecy Plesha, junior, stated, "We willingly got up early every morning and shoveled our way to gymnastics practice. Now that's dedication!"

Mike Meschede, senior, also stated, "The basketball gym was so cold that some of us resorted to extra layers of cloths, such as hats and gloves to keep warm at practice."

Then there were others who could have cared less what the temperatures were. They looked forward to Christmas vacation, and they made the most of it. Cheryl Graeber, junior, commented, "I didn't let the temperatures interfere with my holiday festivities. I had a great time."

Laurie Funder, junior, added, "I found the best, and the most fun way to keep warm is with the one you love."

Kathi Pederson, senior, concluded, "Even though the temperatures were unbearable, waking up in the morning knowing that you didn't have school made every day a lot warmer."

— Shawna Eberle

Big chill of 1983
puts freeze
on winter activities

Jon Rhodes — Mr Football 12,

Kathie Stanley, Sally Steiner — Spanish Club 10, Sunshine Society 10. **Dan Steininger.**

'Family ties' continue during school day

Seven students at MHS had something in common. At least one parent was a faculty member.

One might think this was a disadvantage to have their parent at school, but none of these students felt that way.

Mandy Leposky, senior, stated, "I like for my mom to be here. She's here if I need her."

Ken Haupt, senior, said, "I'm used to him being here at school, since he has been my coach for several years."

As for having their parent as their teachers, Diane Vermillion, senior, commented, "I am not treated any different-

ly, my dad treats me like any other student."

Kara East, sophomore, remarked, "I am recognized more by the teachers because my parents are on the faculty, but I am treated the same as other students in my classrooms."

The other students that have a parent here at school are Patty Haupt, Dave Herbert, juniors, and Laurie Reinhart, senior.

The teachers with a son or daughter as a student all agreed that they didn't treat their child any differently as their other students.

Jim Vermillion, science teacher, remarked, "Diane is just another student in my classroom, and at home she is my daughter, and at school she is my student."

"I think by working here at MHS, I am more aware of what happens to Dave than the non-teaching parent would be, and keep a little pressure on him," said Tom Herbert, assistant principal.

Ken Haupt, senior, summed it up, "I've had many good experiences being here with my son and daughter, and I wouldn't trade those experiences with anyone!"

— Janice Lilly

MHS's 'flasher' informs students

The computer age has hit MHS once again, but what exactly is the new addition to our school?

It has been called a "flasher," a "displayer," and even a "thing-a-ma-jig" by many MHS students.

According to Tom Herbert, assistant principal, this unidentified object is called a "Message Board."

It was purchased by the classes of '80 and '81 for \$2000. The Message Board can hold up to eight messages. Any student can advertise on the board, as long as the message is first cleared by Mr. Herbert.

Plans were made for the Message Board to be moved occasionally into the gym, cafeteria and auditorium. This will make both students and parents more aware of high school activities.

Irene Kourtesis, senior, stated that the "Message Board is more effective since the board cannot be torn down or destroyed, and it also gives tech students an opportunity to see some announcements."

Angie Traficante, junior, stated that the Message Board is "a waste of money."

Angie Passaloukos, senior, felt differently. She said that "the thing-a-ma-jig is a good investment. Computers are ev-

erywhere now so its only natural that it will hit MHS."

MHS students 'chew' more than just gum

Skoal, Royal Copenhagen, Happy Days and Redman are among the most popular brands of chewing tobacco used by many MHS boys. Even though chewing is a very popular habit, it is not allowed to be chewed on school grounds according to the Student Handbook and will result in a five day detention if caught.

Jim Nawrocki, senior, said that tobacco chewing should be allowed at school. Nawrocki added that since smoking is allowed chewing should be also.

Dan Vespo, junior and a Skoal chewer, stated that he began to chew at the age of 16 in order to kick the smoking habit. Vespo also commented that chewing should be allowed in certain areas of the building.

According to recent studies, chewing tobacco is just as harmful to a person's health as smoking. Even though chewers, unlike smokers don't get lung cancer, they may develop cancer of the mouth, yellow teeth and rotten gums.

According to many seniors "chewing is more effective in giving a person a "buzz" since the nicotine goes directly to the bloodstream.

From a female point of view, Rhonda Lamb, senior, stated that "chewing is just a fad that had affected MHS boys," and she added that they will eventually grow out of the chewing habit.

Parents, clubs welcome MHS sophomores

For many sophomores, orientation was their way of finding out what high school life was really like.

Approximately 275 students attended the orientation. There were 100 Big Brothers and Big Sisters (upper classmen who help sophomores around the school) Robin O'Deen, junior, said, "Orientation really helped them find their way around school the first day."

A new thing that MHS also did was take I.D. pictures at orientation instead of at lunch. If sophomores didn't get them taken, they were able to have them taken at lunch time during the year.

— Rose Vraniskoski

Waiting in line, Sandy Manis, sophomore, attends the Sophomore Orientation lunch. Martha Otterbacher, parent, serves the BBQ that was prepared by MHS parents to Sandy.

Sophomores order rings to show identity

It was Sept. 22 and sophomores crowded around two tables in the auditorium lobby. It was time to order a class ring.

In the 1983 school year, the companies were Balfour and Jostens. They were chosen by a selection committee consisting of three students, two parents and a teacher.

Three companies came and gave a presentation to the committee, who had a week to decide which ones were best. Then the committee gave their recommendation.

The committee decided on two companies so they would compete against

each other. "This way you'll get the best product for the least amount," said Tom Herbert, assistant principal.

Some people bought their class rings from a jeweler, but many bought them from school.

Kathie Crowder, sophomore, commented, "Josten's had more of a selection."

Karen Pearson, sophomore, said "I liked the unique designs that Balfour had."

Many people bought their class rings from school, such as Michelle Burns, junior. She said, "It was easier to obtain. You didn't have to drive all the way to a jeweler."

Lisa Westcott, junior, said, "I got mine from a jeweler because the prices were lower."

For every class ring ordered from these companies, \$5 went to the Student Activities Fund to support activity days and awards.

People buy class rings for different reasons. Nadene Sever, junior, said, "I bought mine because I wanted to remember my high school days."

Others bought rings because everyone else did or because they could create it themselves.

Even though the hours for the juniors were cut, Carol Wojcehowski still managed to keep the classrooms clean.

Support staff suffers cuts in man power

Making new adjustments and cutting corners have become a part of everyday life. The economy has even affected the staff at MHS.

One specific category was the custodian personnel. Along with actual layoffs, 123 hours of custodian schedules was reduced to 101 hours per day.

Paul Schuyler, principal, stated, "The declining enrollment of students caused these cutbacks of all classification units, such as teachers, administrators, secretaries and custodians." The custodians were the last to be cut.

Since this reduction was made, the line of work the custodians do was altered somewhat in order to equalize for lost hours and personnel. The staff was allowed to clean some classrooms every other night. However, the emptying of wastepaper baskets and picking up remained in the routine.

Mr. Jim Edgcomb, history teacher, replied, "Cleanliness is a reflection of pride in a school. Whenever anyone tries to diminish that, they are undercutting the education process. Students do better in clean surroundings as shown in both behavior and academic accomplishments."

Guidance secretary, Barb Richter, types up one of the many letters to teachers.

Secretary Shirley Barclay carefully checks the attendance list.

A physical examination is required for all sophomores. Here school nurse Dolores Paxon checks Kerry Ulpatel's, sophomore, blood pressure.

Watch us contribute to the town

Watch us contribute. Take a drive down U.S. 30. Turn onto Broadway.

What do you see?

Driving down 30 or Broadway, you can see the thriving businesses of the Merrillville community.

Merrillville has an abundant supply of restaurants, stores and almost any type of business you could imagine.

Susan Greenburg, junior, stated, "It's nice to have so many businesses in Merrillville because you

never have to go very far for anything you need."

U.S. 30 holds the Southlake Shopping Mall, and shares the Consumers Shopping Mall with Broadway.

MHS students contribute to the community by shopping at the many stores in Merrillville and eating at the many restaurants.

"We usually do our shopping right here in Merrillville because we have almost everything

we need right here," explained Millie Majstorovich, senior.

Watch us contribute!

Paying for one of his many purchases, Tom Mihal, junior, frequently shops at Pacesetter Auto parts.

Wendy's boosted their sales with the ever-popular slogan "Where's the Beef?" in 1984.

The center of the Century Mall reflects the beautiful decor that makes it such a pleasant place to shop.

While shopping at Rapp's Roundup, Mark Mahaffey, junior, carefully selects a stylish pair of jeans.

**Take a Good,
Hard Look at
Tomorrow,
Today!**

Because tomorrow is just around the corner, and your future will depend a lot on the decisions you make today.

Your career goal is probably the single most important decision you'll make, so consider it carefully. Consider your interests and skills, and then consider working for a company that will allow you the opportunity to develop and use them effectively.

At Inland Steel we like to bring out the best in people. We do it through training programs, and by offering growth potential. We need solid employees on the production lines, in the craft apprenticeships, in our laboratories, and in the offices.

We've built a strong reputation as a first-rate steelmaker, and we built it with the help of our employees. But we don't rest on past laurels. Like you, we're looking at tomorrow.

Winchester, Robert 21,

Being on the Yearbook Staff takes a lot of time and hard work. We would like to thank a few people who helped make all of that work a little bit easier.

First of all, Mrs. Tanke, our adviser, who was a great teacher and an even greater friend to us. Thanks for putting up with McDonalds and Dunkin' Donuts every morning, but mostly for all of your help and patience in putting together this year's book.

Also a special thanks to Mrs. Tanke's aides who helped with much of the typing that helped us make our deadlines.

We would especially like to thank all of the photographers who helped with the book. Bruce Penrod, thanks for the sports photos. Mike Jurich, thanks for the Revue and theatre photos. The Post Tribune, thanks for the football pictures. Root Photographers, thanks for the underclass photos. And especially to Spasoff Studios

for senior photos and various events during the year.

We would also like to thank our yearbook representative, Bob Henning for helping us with color paste up in the opening section and for all of the help you've given us during the year.

Thanks to Becky Drakis who did the artwork for "Real MHS Students."

Also we would like to thank the Ross Township Historical Society for the scholarship given to the Editor and Assistant Editor of the yearbook. With that scholarship we were able to attend a two week High School Journalism Institute at Indiana University where much of the 1984 yearbook was planned.

And finally we would like to thank the community, businesses, faculty and administration of Merrillville for cooperating with and supporting the 1984 yearbook "Watch Us."

The 1984 Merrillvue had a press run of 1000 copies. The books were printed by Josten's/American Yearbook Company in Clarksville, Tennessee.

Copy in the opening, closing, and division pages was 12 pt. Avant Garde. Throughout the rest of the book, 10 pt. Avant Garde was used. Captions were 8 pt. Avant Garde Bold.

Headlines were 18, 30 and 36 pt. News Gothic.

In the Student Life section, Kaufmann Script 36 pt. was used. In the sports section 48 pt. Granite was used.

The cover is Maroon #541 with a Cordova Grain #1174 and an applied silver #381 in the American Embossed Program.

Spot color was used in the senior section which was color Tempo #201, 100%. Also 10% and 30% gray screens were used throughout the book.

The theme "Watch Us" was chosen by the 1984 Merrillvue Staff.

Watch us eye the future

Watch us.

Watch us play.

1984 was a fun filled year, starting with a rainy Homecoming Week and ending with underclass scheduling and senior end of the year activities.

Laura Vrtikapa, junior, stated, "Scheduling for next year's classes gets me out of regular classes, but it's a big hassle because there aren't enough classes offered for enough hours. I'm just glad I don't have to do it anymore."

Lisa Maletta, senior, stated, "Senior Breakfast was great because it was the last time the class of '84 really got to be together at MHS."

Watch us learn.

Six MHS students competed in an academic Decathlon in Los Angeles. Lenny Pysh, Angie Cristo, and Bob Stephan, seniors, Al Wirtes, Denise Bezick, and Scott Terek, juniors, competed in the Honors, Scholastic, and Varsity categories of the Decathlon.

"The Decathlon was an excellent opportunity for students to combine fun and learning. It was a great experience," stated Bezick, junior.

Watch us!

Making out schedules for their senior year Jennifer Larson and Sue Jatzak, Juniors, work together.

Enjoying a romantic evening at Prom Scott Duffy, junior, and his date take advantage of the refreshments.

Performing their Beach Boys routine in the Spring Concert are the MHS Vocalteens.

Typing her story for a yearbook deadline is Janice Lilly, senior.

MHS students displays achievements

Watch us.

Watch us grow.

End of the year activities for clubs at MHS included such things as field trips and banquets.

"Banquets are very special occasions. They give us the opportunity to acknowledge those students who have worked hard the year round. My senior Thespian and choral banquets were very special to me and I will remember them all the days of my life," commented Jessie Mae King,

senior.

Watch us win.

Everyone watched MHS sports win in 1984.

We had two state champions. They were in wrestling and gymnastics.

Watch us.

MHS helped students develop their own personalities.

"It was really different coming to MHS, because there were more people, and the school was bigger. But I like MHS much better than junior high school," stated Dan

Burns, sophomore.

Watch us play.

Watch us learn.

Watch us grow.

Watch us win.

Watch us!

Sharing a quiet moment by their lockers in the morning are Candy Rathjen, sophomore, and Dan French, junior.

Rade Petrovich, senior, jumps for joy during the last week of school for seniors.

Showing his talent for piano playing at the Revue '84 is Dave DeStefano, senior.

During a track meet Darren DeBoy, junior, passes the baton to Mark Dimitri, senior.

Watch us!

Watch us.

Watch us in 1984. We definitely were not the depersonalized people George Orwell predicted we would be in his book 1984.

Even while helping and caring for each other, MHS students showed that they can each have their own personalities.

"There are so many different groups at MHS, but the intermingling between them helps me to associate with a lot of different people," said Steve Meus, junior.

Jocks.

Punkers.

Intellectuals.

All of these separate groups of students at MHS were united through one factor.

We are all students at MHS.

Another big part of MHS were the teachers and administrators, who were always there to help.

John Sabo, senior, stated, "Most of the teachers at MHS are really nice and understanding, and they try to help you if you have problems."

Watch us!

— Laurell Evans, editor

Arriving at school for the last time at commencement are Dawn Spiroff and Linda Kruppa, seniors.

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office for National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's services. The strategy is based on the following principles: older people should be able to live independently in their own homes; older people should be able to access the services they need; and older people should be able to participate in the decisions that affect their lives.

The strategy also sets out a number of key objectives for the future of older people's services. These include: to improve the quality of care; to increase the choice of services; to improve the accessibility of services; to improve the responsiveness of services; and to improve the efficiency of services. The strategy also sets out a number of key actions that need to be taken to achieve these objectives.

One of the key actions that need to be taken is to improve the quality of care. This can be done by ensuring that care is person-centred, that it is based on evidence, and that it is delivered by staff who are trained and qualified. It can also be done by ensuring that care is delivered in a safe and secure environment.

Another key action that needs to be taken is to increase the choice of services. This can be done by ensuring that there are a range of services available, that people can choose the service that best meets their needs, and that people can move between services if they need to.

A third key action that needs to be taken is to improve the accessibility of services. This can be done by ensuring that services are accessible to all people, that people can access services at the times that are convenient for them, and that services are accessible to people who are unable to travel.

A fourth key action that needs to be taken is to improve the responsiveness of services. This can be done by ensuring that services respond to the needs of people, that people can get their problems solved, and that people can get the help that they need.

A fifth key action that needs to be taken is to improve the efficiency of services. This can be done by ensuring that services are delivered in a cost-effective way, that resources are used efficiently, and that services are delivered in a timely manner.

The strategy also sets out a number of key actions that need to be taken to improve the quality of care. These include: to ensure that care is person-centred, that it is based on evidence, and that it is delivered by staff who are trained and qualified.
